

A MESSAGE FROM YOUR CEO

The Chamber Board and staff certainly did not anticipate that we would all be working under the shadow of Covid-19 uncertainties this past year. All of us were confronted with the challenge of yet another year of pandemic trials. Each of you had to navigate these challenges for your particular business, as we at the chamber charted a course to determine how to best continue offering the services that were needed for you, our members, as well as the larger business community.

We had the same issues of opening and closing our office to the public, staffing shortages and an ever increasing mountain of work that required our attention. There was also the continuing concern of income and maintaining the level of operation that we have come to expect.

Thankfully, state and federal grants were available to cover some of the loss of our annual fundraising efforts. Perhaps more importantly, you and your businesses recognized the many benefits of membership and remained committed to our mutual mission, allowing us to actually increase membership by another 60!

Our Premier membership also increased and we are thankful to each of them for supporting our business community by allowing us to provide and increase the level of support programs and services to all of our members. Bear River Casino and Resort was outstanding with their generosity, donating their annual golf event proceeds to the Chamber's programs. In addition, more than 80 of our members increased their level of membership to "Membership Plus", which allowed us to promote them through our business of the day and other campaigns. Now that is true support!

Our committees and Board members worked harder than ever to advocate on your behalf and our staff recognized the importance of creating virtual events to keep everyone engaged in our business community through networking, creating a very important event with the "State of the Economy" and introducing a new Grant Funded program "[Elevate](#)", designed to assist our business community in improving their E-Commerce and on-line digital presence. It was equally important for our team to get behind the "#ChooseHumboldt" campaign to fully encourage our community to support local businesses before choosing out-of-county businesses.

A sneak peek into next year..... We are hosting a JOB FAIR March 3rd. We understand the difficulties our community has been facing in finding and retaining staff, and it is important to us to continue to create events that meet your current needs. Separately, after polling our members we heard that you are seeking as safe as possible in person events. We feel we have been able to make a compromise to our Annual Dinner and Membership meeting to be held in January. [This is our major fundraiser of the year, we look forward to your support in donations, sponsorship and attending in person.](#) I look forward to seeing you there.

I would personally like to thank our Board and committees for their commitment to not only the Chamber and our members, but the larger business community as a whole. Their hard work benefits our community. It is also important to thank our chamber staff. Their tireless work ensures that you are heard, represented and supported.

Most importantly, I would like to thank you, our members! Please continue your support in the upcoming
