

STEEL STARTS HERE.

In the U.S., our economy has the advantage of a self-sustaining steel industry like no other in the global marketplace. It starts with iron ore mining and steelmaking through manufacturing to consumption by the American consumer.

As the major supplier of iron ore pellets to the North American steel industry, Cliffs understands what it means to reliably meet the demands of our steel producing customers. For over 165 years, we have been a proven technical leader delivering tailor-made solutions for our customers' unique steelmaking needs. This deep technical knowledge will serve us well as we meet the evolving needs of the growing electric arc market with DR grade pellets.
