

**August 2019**

**“What’s good for small business is good for the economy.”**

The Lockhart Chamber of Commerce has acquired 32 new members since January 1, 2019 and the vast majority of these are classified as small businesses. I recently read an article published by the US Chamber of Commerce titled “Small Business Confidence is Growing.” The article cited that 69% of small business owners have a positive outlook on the future of their companies and stated that they represent more than 99% of all employers. As one strolls through the Lockhart square and along Hwy 142, you will observe this confidence as previously vacant store fronts are now occupied by new entrepreneurs.

I encourage us to not only “shop small” during the holidays, but support our local small businesses all year long. Before, shopping online, stop in the store front of our local businesses.

First Friday is THIS Friday, August 2—say hello to our business owners that sustain the Lockhart economy.

I invite all businesses to attend the August Chamber 101, learn about how to utilize your chamber benefits and how we can work for you. The class is scheduled for Thursday, August 22.

“Everyone can tell you the risk. An entrepreneur can see the reward.”
