SHOP SMALL -&- *support local businesses*

Think Big...Shop Small

When you support a local business, you're also supporting your town, city, and neighborhood. A business pays sales taxes to the city and county the business is located in. That tax money is used to support public schools, parks, roads and sidewalks, as well as fund public service workers, like firefighters.

The Lockhart Chamber of Commerce has partnered with Lunar Cow Publishing to create an **Official Community Guide** that will serve as a membership directory for current chamber members too.

Lunar Cow Publishing is a firm that specializes in destination marketing. They serve over 400 chambers nation-wide and their software is compatible with ChamberMaster. This feature opens the door for us to not only distribute a printed copy of our Community Guide, but a digital copy too! Lunar Cow's iMap 3.0 software allows users to plan their trips, build itineraries, access our calendar of events, and get turn-by-turn directions while accessing points of interest data from businesses within the community.

Mobile

The Lunar Cow GoGuide is a mobile interactive digital publishing product that is designed for mobile users who are looking to interact with your publication's digital edition. Your members, visitors and community will be able to view your visitor's guides, activity guides, community guides, business directories, and community maps easily on their smartphones, tablets, laptops and desktops as never before.

Contact the Chamber today if you have additional questions about our upcoming Community Guide!
