

September 2020

Leadership Lockhart begins this month and we are excited to be able to offer this program to our community. We have been beyond pleased with the enthusiasm we have received about the program and are extremely appreciative to our program sponsors and all of the applicants. The students of Leadership Lockhart Class 1 are a great group of current and future leaders that are dedicated to serving our community and helping it succeed.

Make sure to follow our monthly newsletters to see updates of each class.

No successful organization would be where it is today without effective leadership. Effective leadership is almost always one of the main and primary drivers for growth, development and innovation. Effective leadership is much more impactful, meaningful, and profound than titles or accolades. Leadership is earned and worked for.

The Chamber is looking to fill two positions on our Board of Directors for 2021. Do you have the qualities it takes to serve on the Chamber Board? Contact the Chamber office for more information on what it takes to become a board member.
