# BENEFICIAL ELECTRIFICATION

What is it? How will it help me?

Contact Sioux Valley Energy at  
**1-800-234-1960** to learn more  
and check out our beneficial  
electrification programs below!

## Heat and Cool Efficiently

Heating and cooling use the largest chunk of your home energy dollars. When you choose electric, you know it's clean, reliable and safe, but it can also be very efficient. It's tough to beat the efficiency of an electric heat pump that not only cools your home in the summer, but also heats it in the winter. Sioux Valley Energy offers rebates for qualifying heat pumps and a reduced electric heat rate for even more savings. Loans available.

## Drive Electric

Charge your electric vehicle at a reduced rate during off-peak hours with Sioux Valley Energy's Time of Use Rate. Rebates are also available for Level II chargers, EV wired new home construction and one year's worth of Renewable Energy Credits (RECs) for the first 12 months after the purchase of an electric vehicle.

## Take Part in Load Management

Water heating accounts for 13 percent of a home's energy use. Sioux Valley Energy offers special pricing on two lifetime tank warranted water heaters: Marathon and Westinghouse. Choose from a variety of sizes for your home, business, or agricultural application. The water heaters are available at our service centers for a significantly discounted price with participation in the co-op's load management program. (The special upfront pricing is in lieu of a load management billing credit. Some restrictions apply.)

## Sign Up for Time of Use Rate

Sign up for the Time of Use rate and save money! The Time of Use rate was developed for members who seek opportunities to directly impact their electric bill through their conservation efforts and daily usage habits. Small changes of shifting chores like laundry and dishwashing to off-peak times can help you save on your electric bill.

## FROM THE **CHAMBER'S CHAIR**

**Carmen J Dougherty, Chair of BV Commerce**  
Brandon Valley Area Chamber of Commerce

In my first professional position after graduating college, my boss told me, "one of your goals is to get involved with the local Chamber and other opportunities within the community". The key word here "involved". I was to meet people and volunteer, in whatever capacity, as to engage in different walks of the business life. I took this to heart and never looked back. It is vital, as a person in business, to know my community and volunteer in a way that will contribute to opportunity and growth.

I have been a member of the Brandon Chamber Executive Board since 2018. I am the Chair of the Issues Management Committee. I enjoy politics and this committee satisfies my desire to know more about the landscape of the Chamber as it correlates to the city, school, regional and state. We have 317 Chamber members and 5 committees that have approximately 50 members that are devoted to those committees. The 5 committees consist of: Career Discovery, Issues Management, Marketing, Member Relations, and Special Events.

I challenge you to reach out to the Brandon Chamber and get involved in a committee. Our local Chamber offers a plethora of opportunities to participate in as shown in the publication. Inside Brandon gives you more than you could ask for! When I scan the pages of this publication, pride wells up in my heart. I am humbled to serve the Brandon Chamber Executive Board and the local community.

Blessings,

*Carmen J Dougherty,*  
Executive Director  
Edgewood Healthcare Assisted Living

# You can't buy happiness but you can buy local.

Thank you for your  
support to small businesses!

# Lewis

Your First Stop

**ANITA**  
Chief Pharmacist

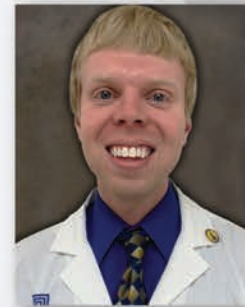

Lewis Pharmacy has served the Brandon Community for over 23 years.

Our pharmacy has very convenient hours, making drop-off and pick-up easier for our patients.

Pharmacy Hours:  
Mon - Fri: 8am - 9pm  
Sat: 9am - 5pm  
Sun: 10am - 5pm

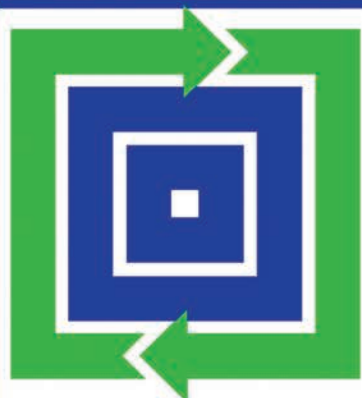

**KATIE**  
Staff Pharmacist

**BRAD**  
Staff Pharmacist

## SMART sync

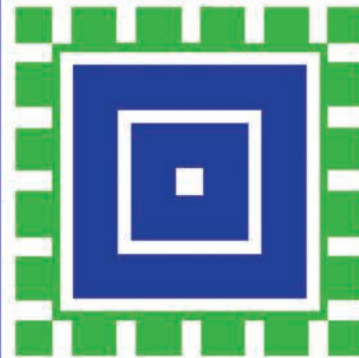

A convenient way to have ALL your prescriptions filled on the same day each month.

Free monthly consultations with the pharmacist about your medications.

No need to call in to refill your prescriptions.

No worries about running out of your prescriptions.

Ask the pharmacist for details

## SMART pack

- Lewis Drug will work with your healthcare providers to sync your medications so all of your prescriptions will be filled at the same time.

- All of your prescription medications will be placed in easy to open and clearly marked SmartPack cards.

- Each SmartPack card contains medications for seven days. Patients will receive a 28-day supply each cycle.

- SmartPack cards are date specific and color coded for the time of day.

- SmartPack cards eliminate multiple medication bottles and the need for preparing weekly pill planners.

Ask the pharmacist for details

# Health Through *Chiropractic*

**By Dr. David Ward**

Chiropractic is a health-care profession that focuses on the spine and other joints of the body and their connection to the central nervous system. The word “Chiropractic” means “to be done by hand.” A chiropractor is a primary care doctor who specializes in spinal health and well being. Chiropractors focus on the prevention, diagnosis, and conservative care of spine-related disorders and other painful joint issues. Chiropractors provide a safe specific controlled force applied to a joint to re-store proper function and mobility. The specific controlled force is referred to as an adjustment. Chiropractic adjustments reduce pain, increase movement, and improve performance. But most importantly the chiropractic adjustment removes interference on the central nervous system allowing the body to begin to heal itself.

It is imperative to our health that the central nervous system, which consists of the brain and spinal cord, is functioning properly in that the CNS controls every function of the human body. Chiropractors realize patients are always moving somewhere on the biological spectrum between “ideal functional wellness” and “disease”. Chiropractic has always maintained that preventing a disease is so much more effective than attempting a cure.

The goal of the chiropractor is to detect and correct the nerve interference in a patient before the patient begins to experience serious symptoms or dis-ease.

Many chiropractors realize the importance of incorporating nutritional counseling, recommending specific exercises and/or stretches, and possibly vita-min/mineral supplementation to help aid in the care of the patient as needed.

Biblically it is very clear on how important it is to do our best to keep our bodies healthy. Which is one reason why to incorporate regular chiropractic care in your health regime. Corinthians 6:19 it says; Do you not know that your bodies are temples, (Shrine or Sacred place) of the Holy Spirit, who is in you whom you received from God? You are not your own; you were bought at a price. Therefore honor God with your body. Chiropractic care is safe for people of all ages. In our clinic we take care of babies from just a few days of age to patients well into their 80s and 90s. I adjust not only patients with back and neck issues but extremity issues as well.

Please feel free to contact our office if you have back pain, neck pain, extremity joint pain or if you are interested in trying to maintain your “ideal functional wellness.”

# LEAF DROP OFF DAYS

The City of Brandon is sponsoring its  
**2021 Free Leaf Drop-Off Days on**

**Saturday, November 6th  
& Saturday November 20th  
8:00 a.m. to 3:00 p.m.**

# THE OPTIMISTS

Brandon and the surrounding communities are blessed with vast amounts of local support, community pride and civic engagement. One of the organizations that best exemplifies these shared values is the Brandon Valley Optimist Club.

As a member of the larger Optimist International organization, the Brandon Valley Optimist Club is a non-profit dedicated to creating and aiding programs that support local youth. To this end, they've involved themselves in the Brandon Valley community in myriad ways. For example, in years past, the Club helped sponsor one of the best wild game feeds in the region, which, since its inception, generated over \$60,000 in donations to the angel funds at the various Brandon Valley schools. However, due to the ongoing Covid-19 pandemic, that event has since been discontinued. To take its place, the Club is bringing BINGO back to Brandon. This easy, relaxing game is a great way to have fun while still supporting a fantastic cause! Look for future dates, including the one above!

Another event residents may associate with the Club is Hometown Days. This free family event provides hours of fun and entertainment, including rides, games, laser tag, inflatables, live music and theater and more.

The club further aids the Brandon area through the Community Christmas Tree project. Members erect Christmas trees at local businesses with gift tags for local

needy families. Community members then take these tags, purchase the gift listed and return the gift to the business. Optimist members then wrap and deliver these gifts, while frequently purchasing gifts for any leftover tags. In totality, the club has helped dozens of local families provide a very merry Christmas for their children.

In addition to these major projects, the Brandon Valley Optimist Club supports local youth in a variety of other ways. They sponsor soccer, baseball and t-ball teams, are members of the Fine Arts and Band Booster Clubs, provide college scholarships through essay and oratorical contests and more!

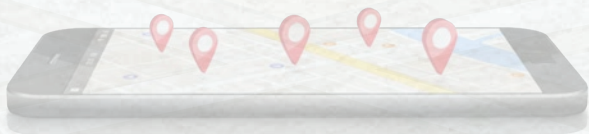

Of course, the 68 member-strong club is always looking for new members. If you are interested or would like to know more about the club, please visit their website at [www.bvoptimists.org](http://www.bvoptimists.org) or check out their Facebook page.

# ICE & SNOW..TAKE IT SLOW CITY ORDINANCES

CITY ORDINANCES HELP KEEP THE PUBLIC SAFE AND STRUCTURED. IF YOU WOULD LIKE TO SEE MORE ORDINANCES PLEASE VISIT [WWW.CITYOFBRANDON.ORG](http://WWW.CITYOFBRANDON.ORG).

## **DISPOSAL OF SNOW FROM SIDEWALKS**

It shall be the duty of the owner or occupant of any lot or parcel of land in the City abutting on any sidewalk to keep such sidewalk free from snow and ice accumulation. Within forty-eight (48) hours after the termination of any snowfall, the snow accumulation shall be removed. Where, however, it is impossible to keep the sidewalk clear due to frozen conditions, then said owner or occupant shall sprinkle or spread some suitable material on the sidewalk to prevent it from becoming dangerous to travel.

If the owner or person in charge of the lot fails or refuses to remove the snow and/or ice from the sidewalks within twenty-four (24) hours after written notice has been posted on the property, the City shall have the snow and/or ice removed and charge the costs thereof against the abutting property the sum established by the resolution of City Council.

## **DISPOSAL OF SNOW FROM DRIVEWAYS AND PARKING AREAS**

It shall be the duty of the property owner, tenant or person in possession of any public or private driveway, parking lot or parking area to dispose of accumulated snow

upon such property in such a manner that any snow when removed shall not be deposited upon any sidewalk, within or upon any public street or alley, or in any manner that will obstruct or interfere with the passage or vision of vehicle or pedestrian traffic. It shall be the duty of the property owner, tenant or person in possession of any property abutting on any sidewalk to dispose of accumulated snow upon such sidewalk in such a manner that any snow when removed shall not be deposited within or upon any public street or alley, after such public street or alley has been cleared of snow by the grading of such snow away from the curb or the picking up and carrying away of such snow by the City. It shall be the duty of any person who removes snow from any public or private driveway, parking lot or parking area, to dispose of accumulated snow upon the property from which it was removed in such a manner that such snow shall not be deposited upon any sidewalk, within or upon any public street or alley, or in a manner that will obstruct or interfere with the passage or vision of vehicle or pedestrian traffic.

## **DISPOSAL OF SNOW FROM AROUND MAILBOXES**

It is the responsibility of the property owner or occupant in possession of any mailbox located upon a driveway, parking lot or public right-of-way to remove and dispose of accumulated snow from the immediate area around the mailbox so as not to obstruct or interfere with the delivery or collection of the United States mail.

## **DECLARATION OF SNOW REMOVAL ALERT**

A snow alert will occur automatically with the accumulation of three (3) inches of snow on the public streets or when the person designated determines that snow removal from the public streets will commence, that person will announce through local news media and whatever other sources are available that there has been declared a snow removal alert and that the provisions of this chapter will be effective and be enforced, designating a particular date and time when such alert shall commence. The determination to declare a snow removal alert will be based on the then existing weather conditions and the amount of snow then on the ground or expected according to forecasts for the national weather

## **PARKING DURING SNOW REMOVAL ALERT IN ALL AREAS OF THE CITY**

Parking on any public street of the City will be completely prohibited, on both sides and regardless of the directional run of that street, during the existence of a snow removal alert.

## **SNOW REMOVAL - FIRE HYDRANTS**

In an emergency, every second matters. Fire hydrants that are blocked, concealed or difficult to access due to snow or ice can impede emergency fire response. Fire trucks carry a finite amount of water, so one of responders' first tasks upon arriving at a fire is to locate a water supply from the nearest hydrant. Hydrants covered in snow can be difficult to locate, and uncovering them can waste valuable time needed during a fire fight. Keeping them clear can mean easier access to water and more time doing what really matters — fighting the fire.

*Visit [CityofBrandon.org](http://CityofBrandon.org) for the full SNOW REMOVAL Ordinance.*

*City Ordinances: Ordinance Book: Title 10 – Sidewalks, Roads, Alleys and Public Grounds: Chapter 10-2 Snow Removal*

# MEDICAL CANNABIS

**ORDINANCE NO. 630  
A TEMPORARY ORDINANCE REGARDING THE  
ISSUANCE OF LOCAL MEDICAL  
CANNABIS ESTABLISHMENT PERMITS AND/OR  
LICENSES.**

Section 1. Temporary Ordinance – Application for Local Permit/License

A medical cannabis establishment desiring to operate in the Municipality shall be required to apply for a permit and/or license from the Municipality. Applications for a local permit and/or license to operate a medical cannabis establishment, as defined by SDCL 34-20G-1, shall not be accepted until the South Dakota Department of Health has promulgated regulations as required by SDCL 34-20G-72. Any application received prior to such regulations being promulgated shall be denied.

Section 2. Immediate Effect.

This ordinance is necessary to protect and immediately preserve the public health, safety, welfare, peace, and support of the municipal government and its existing public institutions pursuant to SDCL 11-4-3.1 and SDCL 9-19-13.

# Word on the Street

## Updates on the Rushmore Improvement Project

*It's construction season in Brandon! So what's the point of all this road work in our neighborhoods? In this issue of Inside Brandon, we're taking you "inside" the Rushmore Improvement Project. Keep reading to learn what benefits you can expect from the infrastructure development, and how the city is working to mitigate the effects on residents in the area.*

### A. What is "The Rushmore Improvement Project"?

**Short Answer:** The City of Brandon is replacing the road in areas where it was rapidly falling apart, and adding storm sewers and sidewalks with access for people with disabilities. They selected DGR Engineering to design the Rushmore Area Reconstruction projects.

**Details from the contractor:** The streets in the Rushmore area had passed the end of their useful life and the roadway was starting to degrade rapidly in certain areas. Part of the reason for the rapid degradation of the street surface was the lack of storm sewer in the neighborhood. Due to the age of the underground infrastructure, the water and sewer lines will be replaced along with the addition of storm sewer, new curb and gutter and asphalt pavement as well as a four feet wide sidewalk with ADA improvements.

**Details from the City of Brandon:** A request for proposal (RFP) was advertised in 2019 and a selection committee formed. We had five interested firms. The selection committee recommended DGR and the city council approved. The RFP soliciting a firm described the project at length, but the summary was: "The City intends to engage the services of a consulting firm having specific experience and qualification in each of the areas identified in this RFP. The consulting firm will partner with City staff in all aspects of the project. For consideration, proposals for the project must provide evidence of the firm's experience and abilities in the specified area(s) and other disciplines directly related to the proposed service. Award of contract will be made to the firm offering the best combination of experience, qualifications, price and general project approach."

*"The foundation for DGR Engineering was laid in 1952, when a young electrical engineer named John DeWild left his job at Rock Rapids Utilities to pursue his dreams. Soon after, he met with electrical engineer Dick Grant. A simple handshake built a business and partnership that would last for decades. In 1954 Bob Reckert was added to the expanding engineering firm, and together they formed DeWild Grant Reckert and Associates Company, known today as DGR Engineering."*

**69 years after that single handshake, DGR maintains the same spirit of passion, advancement and partnership on which the company was built. With approximately 150 employees, 58 of whom are shareholders, and three locations in the upper Midwest, DGR looks forward to many more decades of helping businesses, schools and communities grow, and building the foundation for every day.**

### B. Am I paying for it?

**Short Answer:** Partially. Your city taxes help pay for infrastructure, AKA sidewalks and streets in your neighborhood. Your utility rates help pay for water and sewer.

**Details from the contractor:** The first step in the process was to survey the entire project area and develop cost estimates for the work that needed to be done to develop potential phases for the project to meet the financial needs of the City. The City then selected phasing for the project that would work with their budget and had DGR start the design for the first phase of the project.

**Details from the City of Brandon:** The City funded this project with a Sales Tax Revenue Bond. A Sales Tax Revenue Bond is a loan to the City to be paid back with Sales Tax Revenue. With every dollar you spend in Brandon, two cents goes to the City's General Fund which helps pay for these capital projects. Your city property taxes will not increase due to this project. A portion of this project is water, sewer, storm sewer and street-lights, all of which will be funded with utility rates. The City reviews rates each year to accommodate the capital projects and make sure these funds cash flow. There is a chance that utility rates will increase to pay for these capital projects. The Total Project budget is 14 million 450 thousand dollars. The breakdown is: Phase 1 = 5.95M Phase 2 = 2.59M Phase 3 = 3.20M Phase 4 = 2.71M Phase 1 construction began Spring 2021. Phase 2 Design will start 2022 with construction planned for 2023. Phase 3-4 have not yet been determined on a timeline.

Shown above: Tree voucher for City of Brandon

### C. What's happening to my trees?

**Short Answer:** Your trees might be removed, but the City is replacing them for free-- and you get to choose what kind of tree and where it goes!

**Details from the contractors:** DGR teamed with Confluence to add landscape and low impact design to the project. Confluence worked through the project impacts to trees that would need to be removed along with impacts to pedestrians and bicyclists and also helped with design elements to a sedimentation basin at the bottom end of the project area. -- DGR Engineering

**Details from the City of Brandon:** The City of Brandon is happy to partner with Oakridge Nursery & Landscaping to provide a Tree Voucher Program on the Rushmore Area Reconstruction Project – Phase 1. Replacing the removed trees from the neighborhood during this project is a top priority of the city. For every tree removed from the construction area a tree voucher was provided. The Tree Voucher is for one tree purchased and/or planted up to \$400.00 for a tree of their choosing. How many vouchers the resident wants to use is up to them. We plan on using this same system for future street reconstruction projects.

### D. What's happening to my mailbox?

**Short Answer:** You'll have a temporary mailbox during construction, and after the project is done you'll have cluster mailboxes.

**Details from the contractor:** Temporary mailboxes were set up for the project on Cedar Street north of the post office. When the project is complete cluster box units (CBU's) will be installed in a couple locations eliminating mailboxes at each residence.

**Details from the City of Brandon:** The Rushmore Project will be replacing existing mailboxes with new Cluster Box Units. CBUs are becoming popular in the Brandon area as many of the existing developments currently have them and all new developments are required to have them. Packages that do not fit in a parcel locker (within the CBU), will be brought to your front door.

### E. What should I expect if I live in a future project area?

**Short Answer:** You'll get a letter from the contractor and the city, and there will be an open house before the construction starts to give you all the details. Phase II is planned to be constructed in 2023 and Phase III construction is planned for 2025.

**Details from the contractor:** Letters were mailed out to residents prior to the survey taking place and a public open house was held to give residents details of the project and inform them of easements that would be needed. Temporary and some permanent easement documents were prepared and sent to the property owners and DGR conducted many meetings with residents at their homes to discuss easements.

*continued on next page...*

**Details from the City of Brandon:** For future phase area residents of the Rushmore Project, letters will be sent, an open house will be held, and the messaging service Textedly will be used by the city to communicate updates. Sign up for the text updates by texting rushmore to 33222.

## **F. What else should I know?**

**Short Answer:** The project also has the environment and worker safety in mind! The designs include a system to separate water from trash, oils and sediment to keep it out of Splitrock Creek. They are also putting in a replacement lift system with a backup generator to keep sewage movement to the water treatment plant safe and efficient.

**Details from the contractor:** DGR designed new sanitary sewer mains, new water mains and the associated service lines and a storm sewer system to collect stormwater and route the stormwater to the south end of Rushmore Drive to the sedimentation basin. The storm sewer system helps to get the rain water off of the streets and into a sealed collection system to lessen the impact to the roadway surface. The sedimentation basin at the south end of Rushmore Drive has means in place to help collect trash washed off of the streets and to contain sediment and oils from the roadway and allow the City to pick that material up to be disposed of rather than have it carried to Splitrock Creek. The sedimentation basin also slows the discharge of stormwater to Splitrock Creek in smaller rain events but has the ability to be overtopped at the bottom in larger rain events without causing damage to the system. As the City of Brandon grows this helps to meet the upcoming MS4 (Municipal Separate Storm Sewer System) requirements from the EPA that will be placed on the City. The City of Brandon obtained land to provide the area to construct the sedimentation basin. Along with the other infrastructure improvements and the purchase of additional City property there were some improvements needed to the City's lift station that serves the area. The decision was made to relocate and construct a new lift station on the parcel that would contain the sedimentation basin. The new sanitary sewer lift station will replace aging pumps and equipment and keep employees from climbing down into a confined space along with adding an on-site back up generator to provide instant back up in the event of a power outage.

***DGR is providing on site construction observation through the project to make sure that the work complies with the design requirements and to work with residents and answer questions and take care of their concerns.***

**Details from the City of Brandon:** New utilities and new streets do cut down on maintenance. Our public works employees do a great job crack sealing and filling pot holes during the summer months. With a new street they can focus on other parts of town that need attention. But even on brand new streets we still want to make sure we keep up with basic maintenance such as spraying weeds in the curb line and sealing those surface cracks with slurry seal. Also, we are replacing the storm drainage infrastructure which helps keep a lot of the water off of the roadway. We are also rerouting some of the stormwater so that it does not directly flow into the Split Rock Creek. Instead, it will flow to the south to a water quality pond. This water quality pond has infrastructure built into it that captures garbage, debris, and oils before it flows to the river. This is one way that we can help protect the quality of our water ways. We also save money with new sewer mains. The old sewer mains crack and separate which allows groundwater to flow into the pipe system which we pipe to Sioux Falls for treatment. We do not have our own sanitary sewer treatment plant so we pay the City of Sioux Falls a fixed amount per 1,000 gallons of water treated by their plant. By replacing the pipe and making sure it is water tight, we are able to cut our flows to the City of Sioux Falls and it saves the City money.

## PROPERTY TAX & SALES TAX

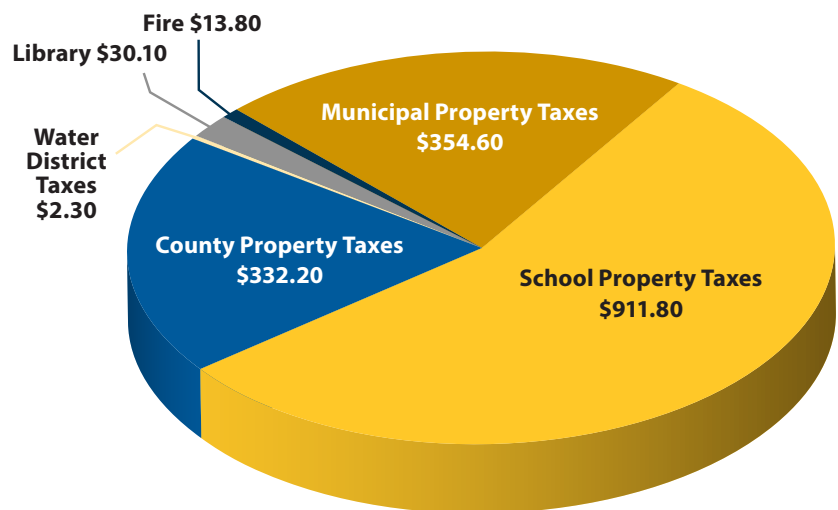

### PROPERTY TAXES (OWNER OCCUPIED ONLY)

Property tax is one source of revenue that supports the day to day operations of your City. The Minnehaha County Auditor's Office collects all property taxes and then distributes the taxes to the appropriate entity. The City receives about 21.5% of an owner-occupied residential property tax bill. Property tax revenue is a general fund revenue supporting police, fire, streets, snow removal, parks, pool and more. Property tax is one of the major sources of revenue for any City and without this we could not run your City. A worksheet to figure your taxes is available at [www.cityofbrandon.org/taxes](http://www.cityofbrandon.org/taxes). \*Please note this does not provide opt outs, Special Assessments or Frontage amounts if applicable.

2020 Taxes Payable in 2021

<b>Municipal Levy</b>	3.546	21.56%
<b>School Levy</b>	9.118	55.44%
<b>County Levy</b>	3.322	20.20%
<b>Water District Levy</b>	0.023	0.14%
<b>Library Levy</b>	0.301	1.83%
<b>Fire Levy</b>	0.138	0.84%

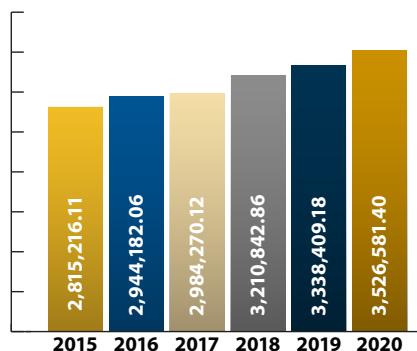

100,000 Taxable Value for Payable 2021

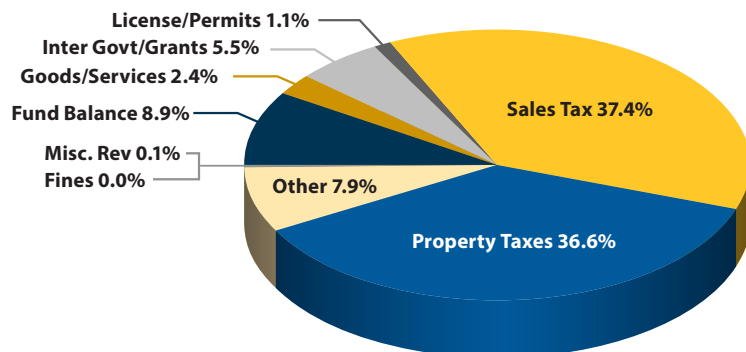

### SALES TAX

Sales tax is important to the City and another major source of revenue. This revenue source is not quite as consistent or predictable as property taxes. Sales tax changes with the economy. With every dollar you spend, two cents goes to the City's General Fund. Sales tax revenue is a key component in being able to improve your city. Sales tax pays for debt, projects and equipment in the General Fund.

# Managing Our Stormwater

## Why is Managing Stormwater Important?

Stormwater must be managed to protect our drinking water supplies, prevent flooding and preserve natural resources.

## State Requirements for Stormwater Management

When the City reaches a population of 10,000 or greater, Brandon will be required to obtain a MS4 (municipal separate storm sewer systems) permit in order to meet federal standards.

## Usage of Stormwater Fee Generated Revenue

Revenue generated from the stormwater utility fee will be used to pay for:

- Stormwater utility operation and state/federal permitting requirements.
- Maintenance of current stormwater infrastructure.
- Stormwater infrastructure improvements as recommended in the 2020 Citywide Drainage Planning (see <https://cityofbrandon.org/storm>).

## Paying for Stormwater Management

The City collects utility fees to pay for the operations and improvements of its infrastructure. Similarly, the City will implement a stormwater utility fee that is based on a property's contribution to stormwater runoff. In other words, the fee will be based on total property area and the amount of impervious areas that prevent rainfall or snowmelt from soaking into the ground.

## What To Expect

The cost for a residential property will be \$4.91 per month, beginning in January 2022. Fees will increase by 5% per year between 2022 & 2027. Fees may be added to existing utility bills.

**\$4 - \$5  
Per  
Month**

## Stormwater Frequently Asked Questions Summer 2021

### ➤ What Is Stormwater Runoff?

Stormwater runoff is the water that flows off of roofs, driveways, parking lots, streets, and other hard surfaces during rain events and snowmelt. Any water not absorbed into the soil is also considered runoff. Stormwater and snowmelt that flows into ditches, culverts, and storm sewers does not receive any treatment to remove pollutants before entering our rivers and streams.

### ➤ What Is Impervious Area?

Impervious areas are hard surfaces such as structures, asphalt, compacted gravel, concrete, or other man-made surfaces that prevent stormwater from being absorbed by the soil.

### ➤ Why Does Brandon Need To Manage Its Stormwater Runoff?

Much like water, sewer, roadways, or solid waste systems, stormwater must be managed to protect our drinking water supplies, prevent flooding and preserve natural resources. Management is essential to protect the quality of the waterways we use for drinking water supplies, recreational activities, and for the health of local wildlife.

### ➤ Why Is The City Starting A Stormwater Utility Fee?

After completing a stormwater utility feasibility, the City decided to adopt a stormwater utility fee to pay for stormwater infrastructure capital, operation, and maintenance. The primary benefit to instituting a utility fee is it fairly distributes the cost of the City's stormwater services across all eligible properties based on the parcel's contribution to stormwater runoff.

### ➤ How Is The Fee Calculated?

The City of Brandon will adopt a stormwater utility fee to fund the City's program. A stormwater utility fee is based on total property area and the amount of impervious area on a property that prevents rainfall or snowmelt from soaking into the ground. The cost for a residential property will be \$4.91 per month in 2022. The cost for a pollution generating non-residential property will be \$0.01470 per square foot of impervious area. The cost for a non-pollution generating non-residential property will be \$0.00980 per square foot of impervious area. The rate will increase by 5% annually between 2022 & 2027.

### ➤ When Will This Go Into Effect?

The utility will be created as a City Ordinance in 2021. The rate will change utility bills starting in January 2022. More information about rates and billing will be available in the Fall of 2021.

## Stormwater Facts

Non-residential parcels in Brandon are covered on average, with 61% impervious surfaces.

One inch of rain on an acre of land is the equivalent of 27,154 gallons of water, weighing about 113 tons.

There are 3,670 parcels in Brandon with more than 37 million square feet of impervious surface.

On average, residential properties in Brandon are 38% covered by impervious surfaces.

Pollutants picked up by stormwater can be carried to sources of drinking water on the surface and underground.

Residents can help by picking up litter, disposing of trash and pet waste appropriately and never changing the oil of a vehicle near a stormwater drain.

## REASONS TO SHOP LOCAL THIS SEASON!

”

*The beginning of Shop Small Saturday as told by the creators, “American Express cares deeply about thriving communities and believes small businesses are at the core of every thriving neighborhood. That’s why — in the midst of the recession in 2010 — we created Small Business Saturday® on the Saturday after Thanksgiving to encourage people to Shop Small and bring more holiday shopping to small businesses.”*

This season, the Chamber wants to remind you of the benefits of shopping at your locally owned Small Businesses! Here’s 5 reasons to keep your business in the Brandon & Valley Springs area during the holidays and all occasions!

**01**

Money you spend locally supports local kids.

When you buy your groceries, gifts and experiences from local business owners, they have more money to support your children’s activities. From your favorite school team to theatre productions to youth groups, local business sponsors are the ones who help pay for development and growth. Need to sell goodies to raise money for your organization? Your in town retailers are happy to give you space to do it. Need financial sponsors for your child’s athletic team tournament? Your local restaurants are happy to kick in some funds. Remember, the more you financially support local businesses, the more money they have to help you fund your activities.

## 02

You get local expertise that national chains won't have.

If covid-19 has taught us anything, it's that everyone has a hobby they just needed a push to discover. Whether it's gardening, painting, home improvement projects or training your new pet, there's a local shop in your community that can give you expert advice on how to reach your goals. Who knows better than someone who lives in your neighborhood if your yard's soil is the right kind for growing squash? Or if that perfect paint color you picked will need sealer to last under South Dakota storms? Did you know your neighbor works at the local veterinary clinic and has awesome advice on how to keep your dog calm during the Husets fireworks shows? Shop locally, and you can have your own real life "How did you know that?" moment.

## 03

Funding small businesses leads to more jobs. There's been lots of research, and lots of debate, about whether small businesses really impact the job market over time. We're here to tell you: They do. The research basically boils down to this: start ups, aka new small businesses, are responsible for over 50% of job growth in the US. However, they only have this positive impact as long as they survive as a business for over 5 years. Where do you come in? Well, it's your local spending at these new businesses that helps them get the funds they need to grow and survive. The biggest challenges for new small businesses revolve around funding more than anything else, and if you shop with them you help them solve those issues.

## 04

Local spending means your taxes support local infrastructure.

Tax dollars from any local purchase fund development of parks, roads and more! Take a look at Sunrise Park in Brandon, where tax dollars helped pay for artificial turf playground. This turf is safer, cleaner and just looks nicer than any surface around. The plows that clear your streets in the winter are funded by tax dollars too! With the tax revenue from 2019, the City of Brandon was able to purchase a new plow truck and a loader for improvement projects. You can thank yourself and your tax dollars for the news splash pad and waterslides at the city pool too!

## 05

It's good for the environment and inter-business relationships.

Local businesses often work together to supply their storefronts. Buying from your area grocery store means buying from your local farmers instead of a commercial farm halfway across the country. Going out to local bars and restaurants means getting drinks supplied by area breweries, wineries and distilleries. All this local commerce means less environmental toll from shipping goods across the country, and it creates positions locally for distribution. Plus -- if it's local, chances are the price is cheaper!

So, where will you be gift shopping this holiday season? Flip to the back of this magazine for a list of local businesses sorted by category, and start making your list!

## SMALL BUSINESS OWNERS!

### Be part of Shop Small Saturday 2021!

Email [admin@brandonvalleychamber.com](mailto:admin@brandonvalleychamber.com) to join the list of businesses offering special deals on **Saturday, November 27th.**

You'll get:

**logo + your offers**

on our bingo board  
that hits every residential mailbox  
in Brandon and Valley Springs.

**That 5,000+ mailboxes!**

**Cost to participate: \$150**

**Deadline to register: November 12th.**

*Must be a Chamber Member Investor to participate.*

### Don't have a storefront?

That's okay! The Chamber is collecting small promo items from businesses to put in our Shop Small Goodie Bags. Get creative and have fun!

**Goodie bag participation is \$25, and participants supply 100 items to include in bags. Deadline for bags: Nov. 19th.**

### Can't find it locally?

**Order online from home!** When you order online from your home address, the tax revenue from your purchase still supports local infrastructure! Want to give back even more on those things you can't get local?

#### Use Amazon Smile! Here's how:

1. Visit [www.smile.amazon.com](http://www.smile.amazon.com)
2. Type "Brandon Valley" in their in-page search bar
3. Select any of the local charities for your purchase to benefit!

*Disclosure: Obviously we want to help support local businesses as much as possible, however, we know there are just some things only the depths of the internet can provide. That being said, when you travel to the center of the internet, like Amazon, we want to make sure we provide you with a way to give back to our community.*

# Auction Amore

*Join us at this annual fundraiser supporting Brandon Valley High School Seniors and the Chamber of Commerce! Auction Amore boasts some of the most exciting travel packages of any local event, along with Brandon-exclusive opportunities you won't find anywhere else.*

Play our Jewelry in a Mason Jar game and you'll win something in every jar you pull! From gift cards to event drink tickets to engraved tumblers, these prizes are a score no matter what you like. You'll also get a chance to win a beautiful piece of jewelry with each mason jar you buy.

If you prefer games of chance, you'll love playing Heads and Tails! Get your blinking participation heart for \$10 when you arrive at the event, then get on your feet when we kick off the auction for your chance to win \$200.

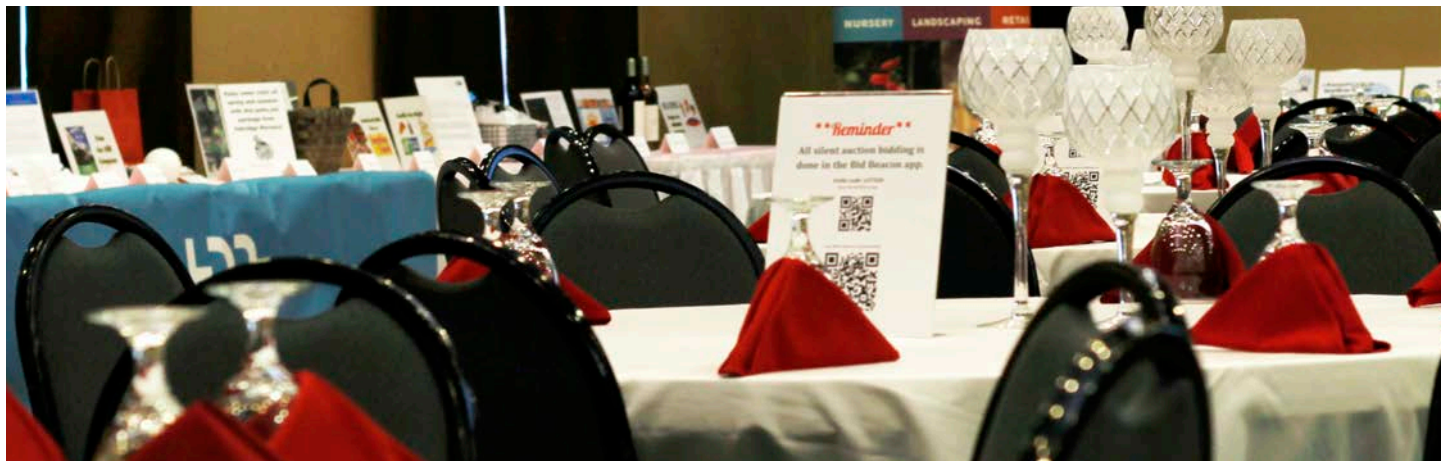

There's no shortage of refreshments at this event, either. Each attendee ticket comes with complimentary wine from 5:30-6pm, along with hors d'oeuvres throughout the evening and event themed sweets. Guests may also purchase beverages at the bar provided by the Holiday Inn.

Our silent auction features items ranging from a \$25 value to over \$1,000 packages. Generous community members donate these items every year to help support the Brandon Valley High School seniors through our scholarship, and to support the overall mission of the BVA Chamber.

Then there's our main event programming: the Live Auction! Hosted by Terry Brick, this auction is full of laughter inducing interactions and unparalleled prize packages you won't want to

miss out on. From the Pheasant Hunt in White Lake to the Purse Snatcher 3-in-1 auction item, there's something for everyone.

Get your tickets for Auction Amore starting January 1st, 2022 at [brandonvalleychamber.com/auction-amore](https://brandonvalleychamber.com/auction-amore).

# WE NEED YOU!

Get more out of your Chamber Membership by volunteering.

The BVACC has five amazing committees that are always in need of some new perspectives and expertise. Help us make your Chamber as effective and efficient as possible!

## SPECIAL EVENTS

Meets 3rd Wednesday each month at 8:00am

The Special Events Committee was formed to oversee and assist the planning of all special events. They meet to prepare for upcoming functions, brainstorm new ideas, and evaluate the effectiveness and popularity of the Chamber special events. The primary function of two of the Chamber special events, The Auction Amore and the Chamber Golf ParTee, are to raise funds for the Chamber.

## ISSUES MANAGEMENT

Meets 4th Thursday each month at 8:00am

IMC stays on top of all of the state, city and regional issues that directly affect Brandon area businesses. This group surveys the BVACC membership to create the annual legislative platform that is given to legislators on our annual trip to Pierre. This committee is also a great source of information as they research important issues and update the members of their findings.

## MEMBERSHIP

Meets 4th Wednesday each month at 8:00am

The Membership Committee works with staff to recruit and cultivate new members and retain existing members. The committee advises staff in the formulation and assessment of membership benefits/levels developed to meet the needs expressed by members. This committee focuses on the monthly business networking events as a way to encourage membership and participation.

## MARKETING

Meets 1st Wednesday each month at 8:00am

The Marketing Committee is responsible for the “Buy Brandon” and “Destination Brandon” campaigns as well as creating and/or reviewing all marketing materials for the Chamber. This committee is also in charge of research and implementation of social media outlets as well as website.

**CAREER DEVELOPMENT** *Committee Details coming soon.*

Contact Rachel Polan or Rachael Neiman at the Chamber if you are interested in joining today!  
call (605) 582 7400 or email [admin@brandonvalleychamber.com](mailto:admin@brandonvalleychamber.com)

15TH ANNUAL  
BRANDON COMMUNITY FOUNDATION

# *Oak & Vine*

FRIDAY, OCTOBER 29

## AMAZON PRIME “SMILE”

GIVES RESIDENTS A WAY TO GIVE BACK.

Go to [www.Smile.Amazon.com](http://www.Smile.Amazon.com)

Search “Brandon Valley”

Select One of the local charities to benefit!

*Disclosure: Obviously we want to help support local business as much as possible, however, we know there are just some things only the depths of the internet can provide. That being said, when you travel to the center of the internet, like Amazon, we want to make sure we provide you with a way to give back to our community.*

To sign up for this service:

**Text “Brandon” to 33222** - This will give you snow alerts, water conservation alerts, water main breaks, street closures, etc.

**Text “BrandonGC” to 33222** - This will give you golf course event information, golf specials, and monthly prize drawings.

### REMEMBER!!!!

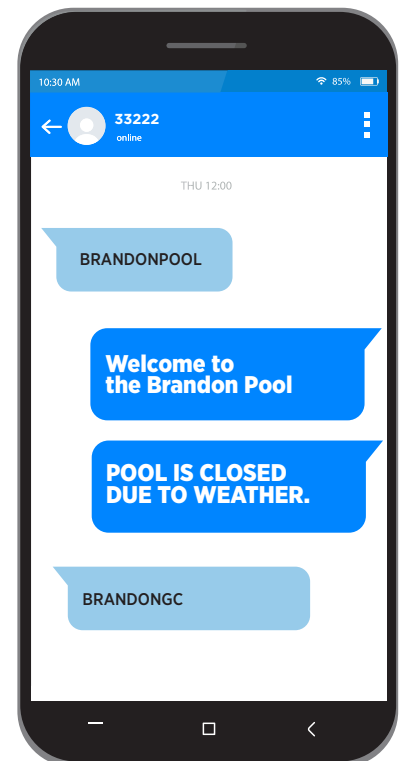

Watch auto correct as it will tend to add a space!!  
You will receive a message back saying “Welcome to...”

33222 is the recipients number

The “Keyword” will be your text message.

Subscribe to each individually. You may opt out at any time.

**NEVER TEXT AND DRIVE. THANK YOU.**
