From the **Chamber Board**

Jill Meier, BVACC Board of Directors

Why I believe in the Brandon Valley Area Chamber of Commerce – and you should, too! It was 2005 when I was first approached to join a committee of the Brandon Valley Area Chamber of Commerce. I was new to Brandon, and the man who sat in the editor's chair of the local newspaper at the time, encouraged me to do so as well. Fast-forward to 2022, I continue to be involved with the BVACC, serving on the Special Events and Issues Management committees, and will be wrapping up my first three-year term on the Chamber's Board of Directors this year. I've pledged to another three-year term and have no intention of parting ways with either of the committees anytime soon. Why? Because your Chamber membership is just like your gym membership. If you aren't actively involved, there's obviously very little benefit. Although it may be easier to sit on the sidelines, take in an event here or there, being part of the planning process of events, coming up with new ideas that benefit our local businesses and the community, being in the know of what's important to us, and helping guide the Chamber to meet the needs of its members and the greater Brandon Valley community, are just a few of the reasons I want to continue to be part of the process. In my position, I'm often one of the first Chamber members to reach out to a new business or organization. The likely reason is to tell their story in words and photos through our local news source, the Brandon Valley Journal. Over the years, rarely has there been a time when I haven't asked if they planned to join or learn that they, too, felt it was important to sign on as a Chamber member. Why? Because I believe in what this organization does for not only its member businesses and organizations, but for the community as a whole. I remember being the "new kid on the block" and through the Chamber, I've gained so much – business-to-business connections, working as a team for the greater good, lifelong friendships and a whole lot more. The Chamber is a source for so much, and the staff is always eager to lend a helping hand in whatever way they possibly can. I encourage you to invest in a Chamber membership, whether you are longtime business, just opening your doors or are even an individual who simply wants to do their part to "Build a Better Life" here for us all.

The City of Brandon has a Text Messaging Service!

To sign up for this service:

Text "Brandon" to 33222 - for snow alerts, water conservation alerts, water main breaks, street closures, etc.

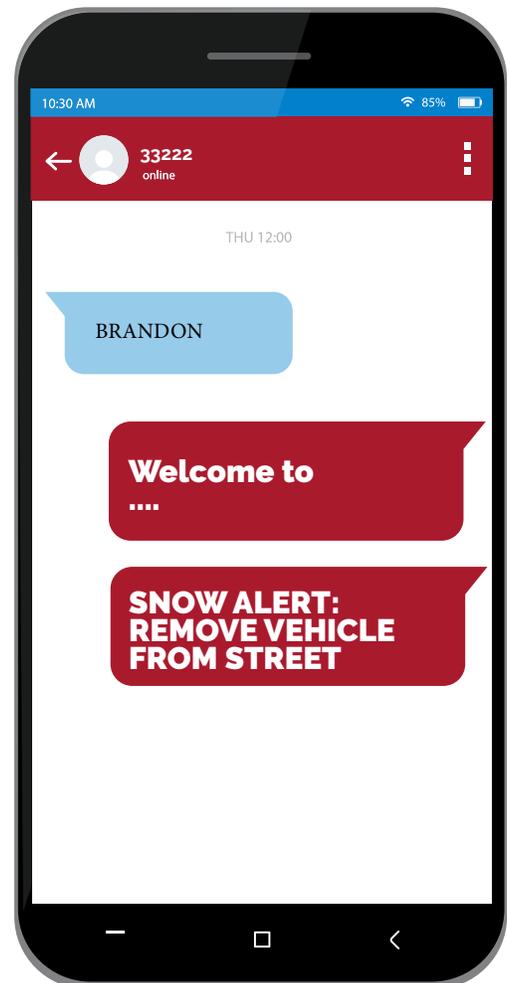

REMEMBER!!!

Watch auto correct as it will tend to add a space!! You will receive a message back saying "Welcome to..."

Type 33222 in your text message as the number and then type the "Keyword" above in the message line of the text, just the word not the quotations. You will have to subscribe to each one if you would like to be a part of all three.

You may opt out at any time.

**NEVER TEXT AND DRIVE.
THANK YOU.**

CITY FINANCES PROPERTY TAX & SALES TAX

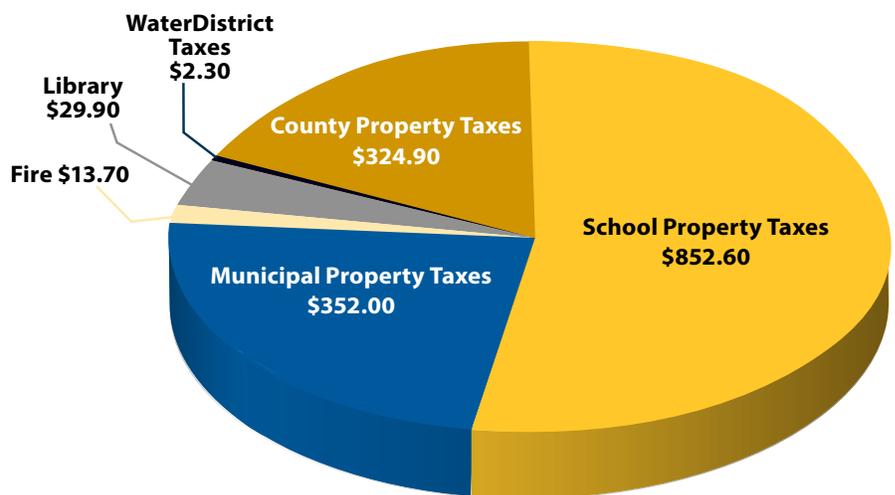

PROPERTY TAXES (OWNER OCCUPIED ONLY)

Property tax is one source of revenue that supports the day to day operations of your City. The Minnehaha County Auditor's Office collects all property taxes and then distributes the taxes to the appropriate entity. The City receives about 21.5% of an owner-occupied residential property tax bill. Property tax revenue is a general fund revenue supporting police, fire, streets, snow removal, parks, pool and more. Property tax is one of the major sources of revenue for any City and without this we could not run your City. A worksheet to figure your taxes is available at www.cityofbrandon.org/taxes. *Please note this does not provide opt outs, Special Assessments or Frontage amounts if applicable.

2021 Taxes Payable in 2022

Municipal Levy	3.520	21.56%
School Levy	8.526	55.44%
County Levy	3.249	20.20%
Water District Levy	0.023	0.14%
Library Levy	0.299	1.83%
Fire Levy	0.137	0.84%

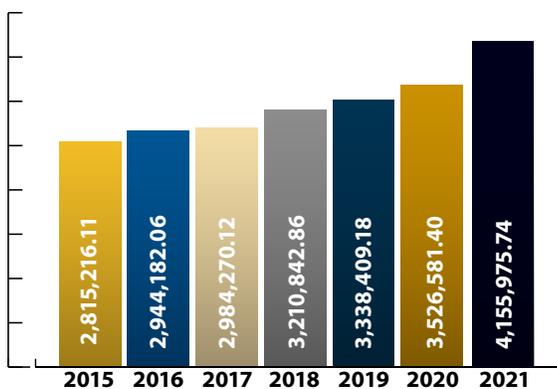

100,000 Taxable Value for Payable 2022

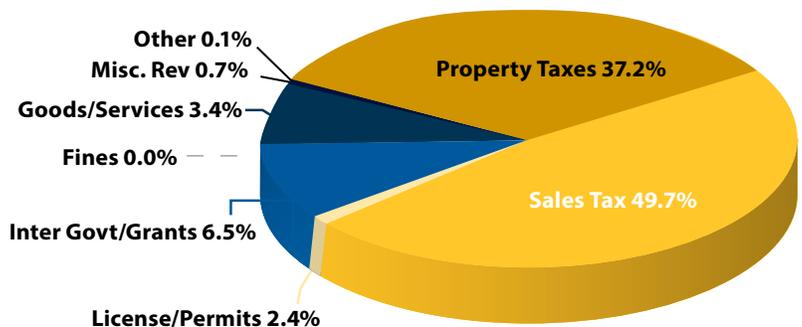

SALES TAX

Sales tax is important to the City and another major source of revenue. This revenue source is not quite as consistent or predictable as property taxes. Sales tax changes with the economy. With every dollar you spend, two cents goes to the City's General Fund. Sales tax revenue is a key component in being able to improve your city. Sales tax pays for debt, projects and equipment in the General Fund.

Words from the Experts:

The Truth and Lies About Cyberattacks and Your Business in 2022

In today's evolving game of technology and cyber threats, cyber criminals are relentless and innovative in finding new ways to compromise your organization to hold your information for ransom.

Research from several cybersecurity firms ranging from publicly traded, Fortinet, to household tech giants like IBM, shows that cyber thieves are relentless in their efforts to gain personal and business data in 2022. Worse than that, they do not discriminate. It no longer matters the type, or amount, of data a business hosts. It certainly doesn't matter how many people work for a company, nor where they work from. Fortinet's 2022 Cybersecurity Statistics report said that in today's tech work, cyberattacks are, "not a matter of it, but when." In IBM's recent, Cost of Data Breach Report, the company revealed the cost of the average breach. Most breaches take 280 days to find, and cost the breached company roughly \$3.8 million to fix.

The scary truth about your personal or company data is that there is no standard approach guaranteed to protect your digital-based assets. "This is the age we live in," said Dusty Sperlich, IT Director at IT Outlet. "It is silly to think just because a business has one or two users that it isn't going to get some sort of attack. There is really no standard anymore, so we need to be constantly changing our practices." Adding that doing so "could save a company or user thousands of dollars, their identity and time wasting recovery."

Sperlich and his team at IT Outlet are leaders in the cybersecurity defense space across the region. They have developed an agile and proven system designed to fit the needs of each customer. The team deploys an expansive approach that helps clients stop attacks before they happen and ensures that when they do (because they

always do) the right protocols and backup systems are in place so that minimal-to-no file damage occurs.

In personal and business data world right now, everything from CEO bank account information to first-time client particulars is ripe for an attack. Have strategic plans for growth or new product designed backed up on the cloud? Expect those to be attacked soon. The data, numbers, and statistics on cyberattacks in 2022 and beyond all show that those warranty calls, foreign princess funding requests or Russian hacks aren't going to stop, unfortunately. (Ask Sperlich about Russian hacks sometime. The IT Outlet team has stopped several). The scary truth about cyber security, resilience, data recovery and backup options for your business assets is that all of them are under attack even as you read this. But, as the team from IT Outlet proves everyday, it would be a lie to think there is nothing you or your business can do about it.

To learn more about protecting your business, IT Outlet is ready 24/7. They offer a free network assessment to provide your business with a snapshot of potential threats and what you can do to be proactive for future attacks.

Scan to learn more!

AUCTION

Join us Friday, **February 10th, 2023** at this annual fundraiser supporting Brandon Valley High School Seniors and the Chamber of Commerce! Auction Amore boasts some of the most exciting travel packages of any local event, along with Brandon-exclusive opportunities you won't find anywhere else.

Play our Jewelry in a Mason Jar game and you'll win something in every jar you pull! From gift cards to event drink tickets to engraved tumblers, these prizes are a score no matter what you like. You'll also get a chance to win a beautiful piece of jewelry with each mason jar you buy.

If you prefer games of chance, you'll love playing Heads and Tails! Get your blinking participation heart for \$10 when you arrive at the event, then get on your feet when we kick off the auction for your chance to win \$200.

There's no shortage of refreshments at this event, either. Each attendee ticket comes with complimentary wine from 5:30-6pm, along with hors d'oeuvres throughout the evening and event themed sweets. Guests may also purchase beverages at the bar provided by the Holiday Inn.

Our silent auction features items ranging from a \$25 value to over \$1,000 packages. Generous community members donate these items every year to help support the Brandon Valley High School seniors through our scholarship, and to support the overall mission of the BVA Chamber.

Then there's our main event programming: the Live Auction! Hosted by Terry Brick, this auction is full of laughter-inducing interactions and unparalleled prize packages you won't want to miss out on. From the Pheasant Hunt in White Lake to the Purse Snatcher 3-in-1 auction item, there's something for everyone.

Get your tickets for Auction Amore starting January 1st, 2023 at brandonvalleychamber.com/auction-amore.

SHOP SMALL *Saturday*

Where will you be shopping this holiday season? Check out these amazing locally owned businesses for all your holiday gift needs!

This season, the Chamber wants to remind you of the benefits of shopping at your locally owned Small Businesses! Here's 5 reasons to keep your business in the Brandon & Valley Springs area during the holidays (and all occasions!)

#1: Money you spend locally supports local kids. When you buy your groceries, gifts and experiences from local business owners, they have more money to support your children's activities. From your favorite school team to theatre productions to youth groups, local business sponsors are the ones who help pay for development and growth. Need to sell goodies to raise money for your organization? Your in town retailers are happy to give you space to do it. Need financial sponsors for your child's athletic team tournament? Your local restaurants are happy to kick in some funds. Remember, the more you financially support local businesses, the more money they have to help you fund your activities.

#2: You get local expertise that national chains won't have. If covid-19 has taught us anything, it's that everyone has a hobby they just needed a push to discover. Whether it's gardening, painting, home improvement projects or training your new pet, there's a local shop in your community that can give you expert advice on how to reach your goals. Who knows better than someone who lives in your neighborhood if your yard's soil is the right kind for growing squash? Or if that perfect paint color you picked will need sealer to last under South Dakota storms? Did you know your neighbor works at the local veterinary clinic and has awesome advice on how to keep your dog calm during the Husets fireworks shows? Shop locally, and you can have your own real life "How did you know that?" moment.

#3: Funding small businesses leads to more jobs. There's been lots of research, and lots of debate, about whether small businesses really impact the job market over time. We're here to tell you: They do. The research basically boils down to this: start ups, aka new small businesses, are responsible for over 50% of job growth in the US. However, they only have this positive impact as long as they survive as a business for over 5 years. Where do you come in? Well, it's your local spending at these new businesses that helps them get the funds they need to grow and survive. The biggest challenges for new small businesses revolve around funding more than anything else, and if you shop with them you help them solve those issues.

#4: Local spending means your taxes support local infrastructure. Tax dollars from any local purchase fund development of parks, roads and more! Take a look at Sunrise Park in Brandon, where tax dollars helped pay for artificial turf playground. This turf is safer, cleaner and just looks nicer than any surface around. The plows that clear your streets in the winter are funded by tax

dollars too! With the tax revenue from 2019, the City of Brandon was able to purchase a new plow truck and a loader for improvement projects. You can thank yourself and your tax dollars for the news splash pad and waterslides at the city pool too!

#5: It's good for the environment and inter-business relationships. Local businesses often work together to supply their storefronts. Buying from your area grocery store means buying from your local farmers instead of a commercial farm halfway across the country. Going out to local bars and restaurants means getting drinks supplied by area breweries, wineries and distilleries. All this local commerce means less environmental toll from shipping goods across the country, and it creates positions locally for distribution. Plus -- if it's local, chances are the price is cheaper!

So, where will you be gift shopping this holiday season? Flip to the back of this magazine for a list of local businesses sorted by category, and start making your list!

Can't find it locally? Order online from home!

When you order online from your home address, the tax revenue from your purchase still supports local infrastructure! Want to give back even more on those things you can't get local? Use Amazon Smile! Here's how:

1. Visit www.smile.amazon.com
2. Type "Brandon Valley" in their in-page search bar
3. Select any of the local charities for your purchase to benefit!

Disclosure: Obviously we want to help support local businesses as much as possible, however, we know there are just some things only the depths of the internet can provide. That being said, when you travel to the center of the internet, like Amazon, we want to make sure we provide you with a way to give back to our community.

THE BEGINNING OF SHOP SMALL

as told by the creators

"American Express cares deeply about thriving communities and believes small businesses are at the core of every thriving neighborhood. That's why — in the midst of the recession in 2010 — we created Small Business Saturday® on the Saturday after Thanksgiving to encourage people to Shop Small and bring more holiday shopping to small businesses."

SOURCE: <https://bit.ly/shopsmallinfo>

SMALL BUSINESS OWNERS

Be part of Shop Small Saturday 2021! Email admin@brandonvalleychamber.com to join the list of businesses offering special deals on Saturday, November 27th. You'll get your logo and special our bingo board that hits every residential mailbox in Brandon and Valley Springs. That 5,000+ mailboxes! Cost to participate: \$150
Deadline to register: November 12th.

Must be a Chamber Member Investor to participate. Don't have a storefront? That's okay! The Chamber is collecting small promo items from businesses to put in our Shop Small Goodie Bags. Get creative and have fun!

Goodie bag participation is \$25, and participants supply 100 items to include in bags.
Deadline for bags: Nov. 19th.

Business owner, but not a chamber member? We'd love to have you join us and be part of the buzz this season! Email membership@brandonvalleychamber.com for membership level details and pricing, or call us at 605-582-7400.

WHAT'S HAPPENING IN THE **BRANDON AREA**

BVHS UPDATE

Student enrollment continues to grow in the Brandon Valley School District. A 35,000 square foot addition of 21 classrooms at Brandon Valley High School is in progress and scheduled to be finished for the Fall of 2023. The addition will accommodate BVHS student growth for the next decade and put the building's capacity at over 2,000 students.

The \$10 million dollar addition has no impact to the tax rate as the project is financed completely from Capital Outlay cash. As outlined in the long-range facility plan, BV VISION 2040, an east-Brandon Elementary is in the initial planning phase and set to begin construction in the Spring of 2024, with the opening scheduled for the 2025-26 school year. For more information on the Brandon Valley School District's facility plan visit the district's website.

- **Dr. Jarod M. Larson**, Superintendent
Brandon Valley School District #49-2

Brandon Core Area Phase 2A

The Brandon, SD Core Area Phase 2A project is a roadway reconstruction project that adds new water/sewer lines, stormwater retention basins, sidewalks, and LED street lighting, to the central area of town. The project had four primary priorities including connectivity, enhanced safety, improved walkability, and mobility for residents in and around the area.

As a central area of town without sidewalks, students would often have to walk in the roadway to navigate to and from school. The addition of sidewalks to this area provides a safer space for students and families to connect and navigate the city. In addition, the sidewalks provided the opportunity for the Post Office to adopt Cluster Box Units (CBUs) similar to what is seen in newer developments.

This project began in April 2022 and is on track to be completed before the winter of the same year.

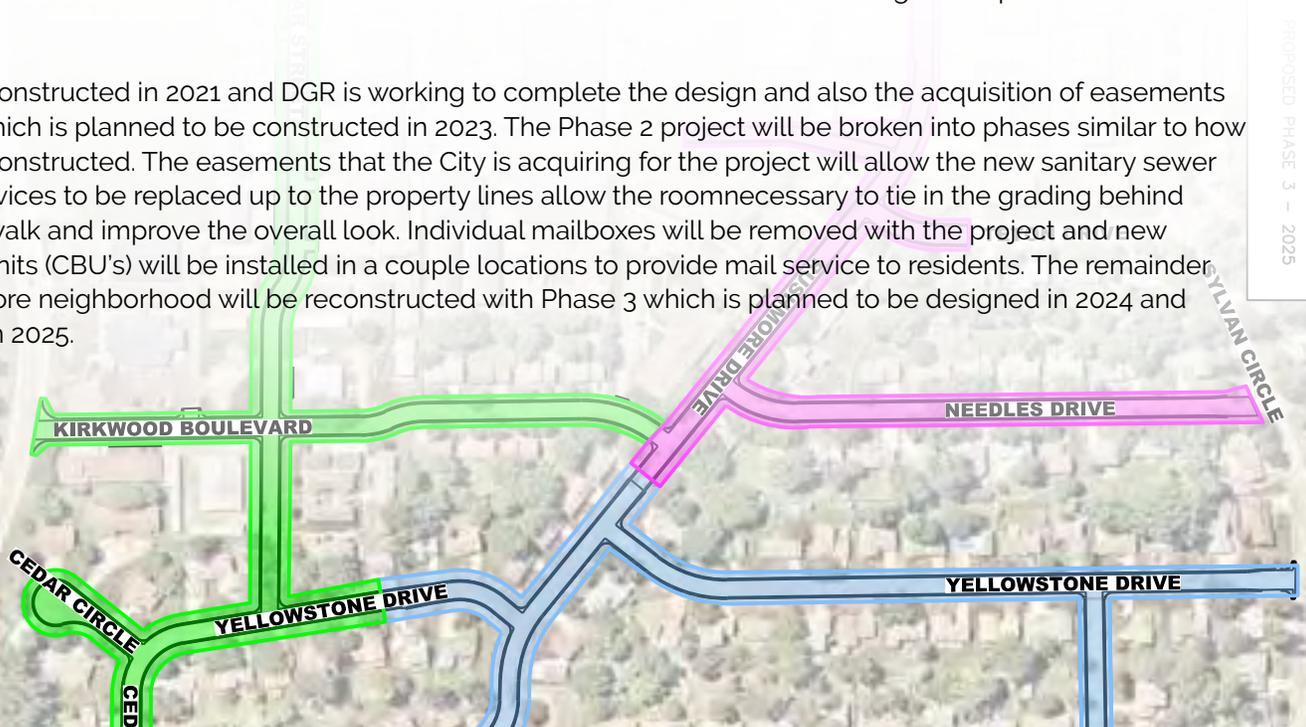

Golf Course Update

To enhance the golfing experience while also addressing safety, aesthetics, and maintenance and operations, the Brandon Golf Course began various upgrades this fall, including a concrete retaining wall, a guardrail, golf course signage on the face of the wall, access road, and stormwater improvements. The existing modular retaining wall, between the clubhouse and the hole 18 green, had deteriorated and needed to be replaced. Additional features of the project are an improved golf cart staging area and audiovisual upgrades on the patio and in the clubhouse. The phased project will address the retaining wall replacement slated for a spring 2023 completion, while the access road improvements are set for a fall 2023 completion.

Rushmore Reconstruction

The City of Brandon selected DGR Engineering (DGR) to assist the community with the reconstruction of approximately 30 city blocks in the Rushmore neighborhood. The streets had outlived their useful life and the roadway was starting to degrade quickly. Part of the reason for the rapid degradation of the street surface was the lack of storm sewer. In addition, the water and sewer lines were in need of replacement. Additional storm sewer, new curb, gutter and asphalt pavement, as well as 4 ft. wide sidewalk and AD improvements, were also included. DGR designed a new lift station, new sanitary sewer, water mains and the associated service lines as well as a storm sewer system to collect stormwater. The stormwater was routed to a sedimentation basin designed as part of the Phase 1 project.

Phase 1 was constructed in 2021 and DGR is working to complete the design and also the acquisition of easements for Phase 2 which is planned to be constructed in 2023. The Phase 2 project will be broken into phases similar to how Phase 1 was constructed. The easements that the City is acquiring for the project will allow the new sanitary sewer and water services to be replaced up to the property lines allow the room necessary to tie in the grading behind the new sidewalk and improve the overall look. Individual mailboxes will be removed with the project and new Cluster Box Units (CBU's) will be installed in a couple locations to provide mail service to residents. The remainder of the Rushmore neighborhood will be reconstructed with Phase 3 which is planned to be designed in 2024 and constructed in 2025.

Water Treatment Plan

The countdown has begun for the City of Brandon to enjoy plentiful, high quality, softened drinking water. A groundbreaking event on August 9th marked the beginning of construction on the City's reverse osmosis (R/O) water treatment plant expansion in Aspen Park.

Construction is scheduled to be complete in November 2024. At that time, residents and businesses in Brandon will enjoy softened water that should be easier on appliances and plumbing fixtures. R/O is a chemical free treatment method that will provide high quality water. The expansion will also double the capacity of the water treatment plant.

The bid for the reverse osmosis water treatment plant expansion project came in at \$24,973,800. The South Dakota Department of Agriculture and Natural Resources granted the City of Brandon \$7,467,900 in American Rescue Plan Act funding. The remainder will be funded by a water surcharge revenue bond.

This project is an investment for today's and tomorrow's residents. Thank you to the Brandon Valley Area Chamber of Commerce for hosting the groundbreaking celebration! Cheers to high quality and more plentiful water!

Water Tower Update

Stockwell Engineers, Inc. is working closely with the City of Brandon, a 6 person design team, and general contractors to build the new Brandon Water Tower. Construction began in May 2021, and the building process is planned to be finished April-June of 2023. The water tower is scheduled to come online around this time as well. A Composite Elevated Tank (CET) was selected as it will provide the City of Brandon with a durable, long-lasting water storage tank with minimal maintenance, which reduces long-term ownership costs.

The tower will include: Concrete support column (pedestal), welded steel tank, internal access ladders, and the pedestal will serve as a room to house piping, valving, and equipment. When finished, the tower will stand 170 feet above the ground, and can contain up to 1.25 million gallons of water.

- **Aaron Moen**, PE, PMP Senior Project Manager Stockwell Engineers, Inc.

Volunteers of America

Volunteers of America, Dakotas is a non-profit organization based in Sioux Falls, South Dakota. The mission of the organization is: Volunteers of America, Dakotas is called by the Gospel to guide people to live healthy and fulfilling lives. The organization has been serving individuals and families in the Sioux Empire since 1920.

Volunteers of America, Dakotas is excited to be building a single-family home in Brandon. The 6-bedroom home will be permanent housing for individuals the organization supports.

The organization believes Brandon is an ideal community offering employment opportunities in addition to a vibrant plethora of community engagement activities. The organization is continuing to seek proposals to build the home as the previous ones came back nearly double the architect's estimate. Currently there is no projected timeline of when building would start. The proposed home design illustration is included.

SNOW REMOVAL

City Ordinances help keep the public safe and structured. If you would like to see more ordinances please visit www.cityofbrandon.org.

DISPOSAL OF SNOW FROM SIDEWALKS

It shall be the duty of the owner or occupant of any lot or parcel of land in the City abutting on any sidewalk to keep such sidewalk free from snow and ice accumulation. Within forty-eight (48) hours after the termination of any snowfall, the snow accumulation shall be removed. Where, however, it is impossible to keep the sidewalk clear due to frozen conditions, then said owner or occupant shall sprinkle or spread some suitable material on the sidewalk to prevent it from becoming dangerous to travel.

If the owner or person in charge of the lot fails or refuses to remove the snow and/or ice from the sidewalks within twenty-four (24) hours after written notice has been posted on the property, the City shall have the snow and/or ice removed and charge the costs thereof against the abutting property the sum established by the resolution of City Council.

DISPOSAL OF SNOW FROM DRIVEWAYS AND PARKING AREAS

It shall be the duty of the property owner, tenant or person in possession of any public or private driveway, parking lot or parking area to dispose of accumulated snow upon such property in such a manner that any snow when removed shall not be deposited upon any sidewalk, within or upon any public street or alley, or in any manner that will obstruct or interfere with the passage or vision of vehicle or pedestrian traffic. It shall be the duty of the property owner, tenant or person in possession of any property abutting on any sidewalk to dispose of accumulated snow upon such sidewalk in such a manner that any snow when removed shall not be deposited within or upon any public street or alley, after such public street or alley has been cleared of snow by the grading of such snow away from the curb or the picking up and carrying away of such snow by the City.

It shall be the duty of any person who removes snow from any public or private driveway, parking lot or parking area, to dispose of accumulated snow upon the property from which it was removed in

such a manner that such snow shall not be deposited upon any sidewalk, within or upon any public street or alley, or in a manner that will obstruct or interfere with the passage or vision of vehicle or pedestrian traffic.

DISPOSAL OF SNOW FROM AROUND MAILBOXES

It is the responsibility of the property owner or occupant in possession of any mailbox located upon a driveway, parking lot or public right-of-way to remove and dispose of accumulated snow from the immediate area around the mailbox so as not to obstruct or interfere with the delivery or collection of the United States mail.

DECLARATION OF SNOW REMOVAL ALERT

A snow alert will occur automatically with the accumulation of three (3) inches of snow on the public streets or when the person designated determines that snow removal from the public streets will commence, that person will announce through local news media and whatever other sources are available that there has been declared a snow removal alert and that the provisions of this chapter will be effective and be enforced, designating a particular date and time when such alert shall commence. The determination to declare a snow removal alert will be based on the then existing weather conditions and the amount of snow then on the ground or expected according to forecasts for the national weather

PARKIN DURING SNOW REMOVAL ALERT IN ALL AREAS OF THE CITY

Parking on any public street of the City will be completely prohibited, on both sides and regardless of the directional run of that street, during the existence of a snow removal alert.

SNOW REMOVAL - FIRE HYDRANTS

In an emergency, every second matters. Fire hydrants that are blocked, concealed or difficult to access due to snow or ice can impede emergency fire response.

Fire trucks carry a finite amount of water, so one of responders' first tasks upon arriving at a fire is to locate a water supply from the nearest hydrant. Hydrants covered in snow can be difficult to locate, and uncovering them can waste valuable time needed during a fire fight. Keeping them clear can mean easier access to water and more time doing what really matters — fighting the fire.

Visit CityofBrandon.org for the full SNOW REMOVAL Ordinance.

City Ordinances: Ordinance Book: Title 10 – Sidewalks, Roads, Alleys and Public Grounds: Chapter 10-2 Snow Removal

PEDDLERS & VENDORS

DEFINITIONS

FARMER'S MARKET:

An outdoor market where at least 75% of products sold directly to consumers is local food and agriculturally related products grown or created by canning, baking, preserving, etc.

PEDDLER:

As used in this chapter shall mean any person traveling from place to place, from house to house to from street to street for the purpose of selling or soliciting for sale good, wares, merchandise or services, other than agricultural products produced or processed in this state; and shall also include any person transacting a temporary business within the City at an established place of business.

RESIDENTIAL ROUTE SALES PERSON:

As used in this chapter shall mean any person who travels from place to place, from house to house, or from street to street for the purpose of selling or soliciting for sale goods, wares, merchandise or services, but who makes stop for sales or delivery routinely, as part of a usual or regular route, and/or by invitation of the resident(s) of the premises visited.

SIDEWALK VENDOR:

As used in this chapter shall mean any person selling or soliciting for sale goods, wares, merchandise or services, from a stationary but temporary or seasonal location, on private or public property with the City of Brandon.

DAKOTA HERB

THE QUIET GIANT

What started as a pipe dream between two longtime friends has quickly become a powerhouse of a corporation in the state of South Dakota. Dakota Herb, LLC opened its first of five medical dispensaries in Brandon, SD. When researching locations, they wanted a facility that could be a cohabited dispensary and grow facility. With limited licensing and very strict requirements, Dakota Herb obtained a Brandon location and put their name in for a lottery drawing. They were fortunate enough to be able to secure the dual licensing with the approved location in May of 2022. The Brandon, SD location is the only location in the state of South Dakota that provides customers the ability to view the plants that are being grown. It's a unique approach that sets them apart from other companies. Dakota Herb has another large grow facility just outside of Sioux Falls, which will be primarily utilized as wholesale to other retailers, producing an estimated 100 pounds of cannabis per week. From there, they plan to open their Vermillion, SD dispensary in November followed by Huron, Aberdeen, and finally, their largest dispensary, in South Sioux

Falls. They have established exclusive relationships with local bakery company Intoxibaked, which will provide baked edibles utilizing cannabis sourced from Dakota Herb. They have also caught the attention of national retailers, including Jim Belushi and the Blues Brothers. Dakota Herb will be the sole provider of Belushi Farms and Blues Brothers cannabis, which is currently in the process of shooting season 3 on Discovery Channel's "Growing Belushi". And finally, a CBD option, Vlastic Labs, headquartered out of Michigan. It was extremely important to the ownership group to keep the executive team local, and to also keep the money local. The CEO (part owner) and COO are both local to Brandon, while the CFO is local to Sioux Falls. Specific details can be found on their company website. Dakota Herb not only prides themselves with their community involvement, but also monetarily providing back to the very communities that helped make it a success.
