Dear Potential Chamber Member:

Every year the Chamber sets out to accomplish new goals and maintain programs that operate in the best interest of Thomaston and Upson County. But many times, new members, as well as existing members question exactly "Why there needs to be a Chamber of Commerce?" which is usually followed with, "What will the Chamber do for me?"

We are the place people turn to when they suddenly find out that a working spouse has been transferred to our area. We answer the letters and send new families brochures that have been developed on our community, school system, recreational facilities, and anything else that they may request.

We are the information station for locals, visitors, and anyone in our community. When people are searching for businesses, we strive to promote our Chamber Members. When new businesses are looking to locate in our area, or one of our present firms needs to expand, we are the place they turn to for help. When it's time to plan and implement a special community event, we are the place that assist in getting the job done as well as promoting any tourism-related activities.

The final answer to both questions is simple. The Thomaston-Upson Chamber of Commerce *unites* our members and the community by *promoting* strategic economic growth, *enhancing* the quality of life and creating a positive business climate for Upson County.

By investing in your local Chamber of Commerce, you are investing in the community. We support local economic growth with events like Cash Mobs. We enhance the community by providing information on local businesses and new job openings. We love to unite our members and people in the community by having events to bring everyone together.

Thank you for your membership consideration and concern for our community. We pride ourselves in the tasks we accomplish every year, and we look forward to your support in 2023! Call us with any questions, comments, or concerns, 706-647-9686.

Sincerely,

Madison Busbee Ruttinger
President

Thomaston-Upson Chamber of Commerce
