

Want electronic lockboxes? We have the solution!

Why use an electronic lockbox system?

- Integrates with Metro MLS to provide listing system information through the **SentriKey® Real Estate mobile app & website**
- Electronic lockboxes keep a **record of who showed the property** and when
- Many REO contracts require the listing agent to use an electronic lockbox
- Some E&O insurance companies either require electronic or give a discount if they are being used
- Presents a **professional image**
- **Reciprocation** with Greater Milwaukee Association of REALTORS® (WI), Heartland REALTOR® Organization (IL), HomeTown Association of REALTORS® (IL), Lakeshore REALTORS® Association (WI), MainStreet Organization of REALTORS® (IL), Rockford Area Association of REALTORS® (IL), Southshore REALTORS® Association (WI), and Three Rivers Association of REALTORS® (IL)

Options:

- **Brokerage firms may join the system as an office to have access to SentriKey® and lockboxes for all their agents**
- **Individual agents may join separately by leasing SentriKey® access and/or purchasing lockboxes**

MOBILE ACCESS MADE EASY

Manage your lockboxes directly from your SentriKey™ Real Estate Mobile App!

Benefits

Open Lockboxes

Use your mobile device or tablet to open lockboxes. Simple and effective access in the palm of your hand.

Touch ID / Facial Recognition

Use Touch ID or facial recognition instead of your PIN to quickly and easily access your most-used functions.

Release Shackle

Easily release your lockbox shackle. Assign or unassign your lockbox to / from a listing.

Grant Temporary Access

Use your mobile app to generate One Day Codes or grant SentriConnect® access. This provides secure, trackable access to out-of-area agents, contractors, and more.

Receive Instant Notifications

Receive instant notifications via the Message Center to learn about missing keys, the beginning of a showing, the end of a showing, and more.

Secure and Trackable Access

The SentriKey Real Estate app provides reporting capabilities.

Additional Features

These include Agent Safety, Property Data Integration, and your Digital Member ID.
