2012 SAILING SEASON BEGINS

The Ten Mile Lake sailing season officially begins Saturday, June 23, with a couple of important changes to the sailing schedule.

First, because July 4 falls on a Wednesday this year, we've moved the Fourth of July race to June 30 and the Memorial Cup to July 7. That way, people spending the week at the lake will be able to take in two races on successive Saturdays.

Second, we've added two "fun races" -- which can also serve as make-up races -- to the schedule. We all know how fickle the weather has been in recent years, and this will give us a chance to get more sailing in.

So we now have seven races in total: Four headline regattas, two fun races and a tune-up race.

Races begin at 1:30 p.m. Saturday. In case of foul weather, the races will be held at 10 a.m. Sunday.

2012 Sailing Schedule

|----------------|----------------------------------|
| June 23 | Tune-up Race |
| June 30 | Fourth of July Regatta |
| July 7 | Memorial Cup Regatta |
| July 21 | Fun Race |
| July 28 | Moxness Cup Regatta |
| Aug. 4 | End of the Summer Regatta |
| Aug. 11 | Fun Race |

Youth sailing classes begin July 1

Do you have children or grandchildren who might be interested in learning to sail?

The sailing club has acquired two small sailboats -- a Sailfish and a Snark -- and hope to borrow two or three more small boats, depending upon how many kids are interested.

We'll begin offering classes beginning Sunday, July 1, and continue throughout the summer. If you're interested, please contact [Grant Moos](mailto:grant_moos@earthlink.net) at grant_moos@earthlink.net.

Once we know how many people are interested, we'll find the boats and line up our friends and neighbors in the sailing community to serve as instructors.

We're also looking for some buoys and anchors to tether these boats so please let us know if you have extras. Thanks.

Eisenhower 'boathouse papers': The untold story

Some of you may have read about the drafts of former President Dwight D. Eisenhower's famous farewell address that were "discovered" in the Moos boathouse two summers ago.

Eisenhower

Actually, we knew they were there all along -- right next to the Lazy Ikes (a fishing lure), Daredevils, hand drill and other flotsam we've accumulated over the last 50 years at the lake.

But my father (Malcolm), the chief speechwriter for Eisenhower in the late 1950s, said Ike (the president, not the lure) had told him to burn the papers.

My father just couldn't bring himself to do it, and neither could we after my father died 30 years ago. So these eight or so boxes of official White House correspondence stayed in a corner of our boathouse for decades.

Until, that is, we needed a place to store those large pink sailboat buoys I inherited from Commodore Tom Siqveld several years ago.

My sister, Kathy, dragged the boxes out and said we should do something with them. And that's just what we did -- shipped them off to the Eisenhower Presidential Library in Abilene, Kansas.

And the rest, as they say, really is history. The director of the library told the [New Yorker magazine](http://www.nytimes.com) that the new

documents will "change the history and interpretation of the most famous farewell address in American history."

But the moral of the story is this:

If it weren't for sailing on Ten Mile Lake, we would have never fully understood how Eisenhower's historic warning of a "military-industrial complex" came to be.

New TML burgee attire

Rear Admiral [Dick Staunton](#), master of the Committee Boat, has a new line-up of Ten Mile Lake burgee wear this season.

The Rear Admiral hopes to attend the sailing season kickoff party, Saturday, June 30, to showcase his new summer line of shirts, belts and other attire.

More fresh air in the 2011 sailing season

With a first place finish in the Moxness Cup and second place finishes in the Fourth of July (tie), Memorial Cup and the End of the Summer Regatta (tie), Grant Moos won the Summer Series in 2011.

Andy Nelson finished second overall with a first place finish in the Memorial Cup and seconds in the Fourth of July (tie) and Moxness Cup.

Ki Hoffman finished third overall with first place finishes in the Fourth of July and the End of Summer regattas.

For the second straight year, we had 10 boats show up at the starting line for the Moxness Cup – traditionally the marquee regatta of the season.

Sara Olsen, Ari Hoffman and Charlie Moos were the fresh skippers who took to the Moxness course that started in light air and built throughout the afternoon into a solid southwest breeze with gusts up to 17 mph.

And it was great to see Tom Brandt, safely back from his deployment in Afghanistan, and his brother, Lucas, on summer break from West Point. The Brandt boys took third in the Moxness.

See [race results](#) for a complete overview of the sailing season.)

Tom Siqveland (TM 88) and Ki Hoffman split tacks during one race in 2011.

Join the sailing kickoff party at the Moos cabin

All sailors -- and those interested in learning more about sailing -- are encouraged to come to the annual sailing kickoff party on Saturday, June 30, at the Moos cabin.

The party will begin shortly after the afternoon races end -- usually around 4 p.m. We'll discuss the upcoming sailing season and our plans to hold sailing classes for children this summer.

The Moos cabin is about a quarter mile north of Gainey's Point on the northwest shore. Check out our website at www.tmlsailingclub.org for directions, and to get on our mailing list for regular updates.

The [Ten Mile Lake Sailing Club](http://www.tmlsailingclub.org) has been having fun on the water since 1938. And we're always welcoming new sailors to the club.

We hope to see everyone out on the lake in June, if not before. And special thanks to Brad Putney and Hannah Moos for taking all of the great photographs in this newsletter and on our website.
