Why ACHD?

ACHD serves the diverse needs of healthcare districts by enhancing public awareness, training, and educating its members as well as advocating for legislative and regulatory policies that allow healthcare districts to deliver the best possible health services to their communities.

ADVOCACY

ACHD ensures healthcare districts are represented in the legislature on issues including access to care, community health, hospital infrastructure, governance & Brown Act, labor relations, public works, workers' compensation and more.

ACHD sponsored part of **SB 813**, which recasts the provisions of Health and Safety Code 32133 to modernize the publication of healthcare districts audited financials and align with current practice.

ACHD helped successfully stop 11 measures, including **AB 650** which would have mandated hazard bonuses for specified health care workers, imposing a new significant unfunded cost on those impacted health care providers.

ACHD was a lead supporter in the efforts to pass **SB 1207**, which encourages screening, diagnosis, treatment, and referral for the maternal mental health program.

EDUCATION

CERTIFIED HEALTHCARE DISTRICT PROGRAM

Certified Healthcare Districts have demonstrated compliance with a core set of standards in governance, accountability and transparency. Certification is complimentary for members, effective for three years and is an important way to show compliance with California's laws, regulations and best practices in local governance.

ACHD ANNUAL MEETING

Attendees learn strategies to navigate the changing environment of health care, network with other leaders and enhance their effectiveness.

The pre-conference Governance Day focuses on relevant governance topics and issue areas.

WEBINAR EDUCATION SERIES

ACHD hosts monthly webinars that are free for members featuring the most relevant topics to healthcare districts. All webinars are recorded and made available for members to watch at any time on demand.
