ARTICLE 10: HOURS OF WORK - SHIFTS - OVERTIME

10.1 SINGLE SHIFT OPERATION:

- (A) Eight (8) hours shall constitute a day’s work; five (5) days shall constitute a week’s work, Monday morning through Friday.
- (B) A single shift operation shall be restricted to the hours between 6:00 a.m. and 6:00 p.m., and eight (8) hours of continuous employment (except for lunch period) shall constitute a day’s work Monday through Friday of each week. Saturday shall not be used as a make-up day.
- (C) Four consecutive ten (10) hour shifts at the straight time rate may be established Monday through Thursday. In the event the job is down due to weather conditions or holiday, then Friday may, at the option of the Employer, be worked as a voluntary make-up day. On ten (10) hour shift schedules all hours worked in excess of ten (10) hours a day must be compensated at the overtime rate. The Employer may change from a five-eight schedule to a four-ten or vice versa but must make the change at the beginning of the work week and maintain such shift for at least one week. At no time will a crew work a combination of eight (8) and ten (10) hour days in the same calendar week.
- (D) No employee shall be discharged, laid off, disciplined, replaced or transferred for refusing to work a make-up day. Make-up days may only be worked if all of the basic crafts on the project are working at the straight time rate.
- (E) In the event of a civil emergency such as, but not limited to, earthquakes, floods, or fires, starting time of the shift may be made to fit the emergency and eight (8) hours in any twenty-four (24) hour period may be worked. If the Operators are working with another trade with better per diem, premium pay and/or conditions the

operators will receive the same conditions, otherwise a special shift maybe designated and applied if hours are scheduled outside the regular day shift hours.

- (F) When due to conditions beyond the control of the Employer or when contract specifications require that work can only be performed outside the regular day shift, then a special shift may be worked at the straight time rate if the language in paragraph (G) is not met. The starting time of work will be arranged to fit such conditions of work. Such shift shall consist of eight (8) hours' work for eight (8) hours' pay. The Employer must give the Union notification prior to the start of a special shift.

10.2 Special Shift: Special Shift Premium for prevailed work in Washington is basic hourly rate plus \$2.00 per hour. When due to conditions beyond the control of the Employer or when an owner (not acting as the contractor), a government agency or the contract specifications require that more than four (4) hours of a special shift can only be performed outside the normal 6am to 6pm shift, then the special shift premium will be applied to the basic straight time for the entire shift. When an Employee works on a special shift, they shall be paid the special shift premium for each hour worked unless they are in overtime or double-time status. (For example, the special shift premium does not waive the overtime requirements for work performed on Saturday or Sunday.

10.3 **MULTIPLE SHIFT OPERATION:** Shifts may be established when considered necessary by the Employer. Shift hours and rates will be as follows

- (A) **TWO SHIFT OPERATION:** On a two consecutive shift operation, the second shift shall be paid the special shift premium when the language in 10.1 (G) is met for special shift. Each shift must be scheduled for at least eight (8) hours except as provided for in Section 1 of this Article. On a two-shift operation, the second shift shall be established for a minimum of three (3) days.
Once the starting times are established for the two-shift operation, they shall not be changed except upon three (3) working days' written notice to the Union.

- (B) **THREE SHIFT OPERATION:** On a three-shift operation, the following shall apply:

FIRST SHIFT: The regular hours of work on the first shift of three shift operations shall be eight (8) hours of continuous employment, except for lunch period at mid-shift, between the hours of 6:00 a.m. and 6:00 p.m.

SECOND SHIFT: The second shift shall be seven and one-half (7 ½) hours of continuous employment, except for lunch period at mid-shift, and shall be paid for at eight (8) hours at the straight time rate.

THIRD SHIFT: The third shift shall consist of seven (7) consecutive hours of employment, except for lunch period at mid-shift, and shall be paid for at eight (8) hours at the straight time rate.

- (C) **MULTIPLE SHIFT (a two or three shift) OPERATION:** will not be required

on the entire project if at any time it is deemed advisable and necessary for the Employer to multiple shifts a specific operation. Those groups of employees only who relieve first shift groups of employees and such first shift groups of employees who are relieved by groups of employees on a second shift, and on a three-shift operation those groups of employees who relieve the groups of employees on a second shift, shall be construed as working multiple shifts. The intent of this clause shall be construed so as to recognize that a “reliever group” and a “relief group” does not necessarily mean “man for man” relief.

- (D) It is understood and agreed that when the first shift of a multiple shift (a two or three shift) operation is started at the basic straight time rate or at a specific overtime rate, all shifts of that day’s operation shall be completed at that rate.

10.4 GENERAL PROVISIONS:

- (A) **CALL OUT:** When an employee has completed his scheduled shift and is “specifically called out by the Employer” to perform special work of a casual, incidental or irregular nature, he shall receive premium pay in accordance with the proper overtime rates with a guarantee of two (2) hours’.
- (B) **PAVING OPERATIONS:** To take full advantage of weather conditions, starting time of operations for the paving of asphalt paving, road oiling and concrete paving will be at the option of the Employer. However, standby time will be considered as part of the regular operation and will be paid for at the applicable rate.
- (C) **MAINTENANCE (EXCLUDING EQUIPMENT REPAIR), WATCHMEN, FLAGMEN:** When no other work is in progress and it is necessary to keep maintenance men, watchmen or flagmen on duty on Saturdays and Sundays, they will be paid at straight time rates but allowed two (2) regular consecutive days off each week. If these men work more than five (5) consecutive days in any one week, the sixth (6th) day shall be paid for at one and one-half (1½) the basic rate and the seventh (7th) day shall be paid for at double (2) the basic rate.

10.5 OVERTIME:

- (A) Work performed in excess of eight (8) hours of straight time per day, or ten (10) hours of straight time per day when four ten (10) hour shifts are established, or forty (40) hours of straight time per week, Monday through Friday, or outside normal shift (6 p.m.-6 a.m.) and all work on Saturdays shall be paid at time and one-half the straight time rate. All work performed on Sunday and holidays shall be paid at double the straight time rate of pay. The employer shall have sole discretion to assign overtime work to employees. Primary consideration shall be given to employees regularly assigned to the work to be performed on overtime situations
- (B) When an employee returns to work without at least eight (8) hours time off since their previous shift, all such time shall be a continuation of a shift and paid at the applicable overtime rate until they shall have the eight (8) hours rest period.

**ARTICLE 11: LUNCH, REST PERIODS, PERSONAL
TIME OFF (PTO)**

- 11.1 Lunch will be approximately mid-shift. (See Article 10 for shift definitions). Lunch will be no less than one-half (1/2) hour and no more than one (1) hour.

If the employee does not get time to eat after five (5) consecutive hours in the second half of the shift, 30 minutes at the overtime rate shall be added to the employee's hours worked.
- 11.4 **REST PERIODS:**
- (A) The nature of the construction work covered by this Agreement allows intermittent rest periods. Employers shall provide such intermittent rest as work flow permits, equivalent to ten (10) minutes for each four hours worked. Scheduled rest periods are not required.
 - (B) Such intermittent rest periods shall be taken on the work site.
 - (C) It will be the responsibility of each employee to take such intermittent rest periods. If an employee does not take a rest period, then the employee must notify his supervisor and a rest period will be provided.
- 11.5 Article 11 shall apply except when the signatory Employers work for that day is on a continuous concrete pour or paving operation that requires the Employer to work past mid-shift, then formal lunches may not be scheduled by the Employer if employees have the opportunity to observe intermittent periods for personal needs, medical needs, rest and meals periods. Employees shall be paid for all hours worked under the provision. The article is not intended to supersede a member's right to have or request a schedule lunch break.
- When the Operating Engineers are working on the same qualifying project with other trades not covered under the same conditions above, Article 11.2 and 11.3 shall apply.
- 11.6 The parties to this agreement will implement, January 1st, 2026, a Paid Time Off fund (hereinafter "PTO fund") that is fully compliant with the Washington Paid Sick Leave provisions in RCW 49.46.180-49.46.830, and the federal requirements of the EO-13706 Fully Federally Funded jobs and their implementing regulations. The PTO fund must also constitute and express waiver of those sick leave provisions in accordance with RCW 49.46.180(1)(c). The PTO fund must be defined as 'usual benefits' to be included in the prevailing wage and include protections should the sick leave law be changed to disallow

pre-payment of sick leave benefits.

The purpose of the PTO fund is to provide employees with paid time off including but not limited to vacation and sick leave. Employees are authorized to use paid sick leave for the reasons provided in RCW 49.46.210 as amended.

The Employer agrees to contribute an amount equal to 2.5% of the employee's normal hourly wage rate for each hour worked that is subject to Washington State Paid Sick Leave when covered by this Agreement to the PTO fund. In the event that additional funds are needed to maintain compliance with the laws stated above, new funds shall be reallocated from the current package. PTO amounts are a fringe benefit and not to be compounded in overtime. Should this program be found to not meet the construction exemption of RCW 49.46 by rule, amendment, direction, decree, or order from an arbitrator, or a court of competent jurisdiction, Washington's Department of Labor & Industries, the State, or any Local government agency, the obligation to contribute under this program will immediately cease and the Parties will bargain for an alternative solution.

The postmark on the envelope will determine if the check was mailed timely or the transaction date on the employee's financial institution account will serve as the cutoff for any penalty. Saturdays, Sundays and recognized holidays are excluded from the 24-hour period for determining penalty. Employees must notify the Union within seventy-two (72) hours after the payday, layoff or discharge to be eligible for penalty pay.

10. There shall be one Steward allowed on each shift on each job per contractor unless the distance between the work areas is so great that one Steward cannot police the work; then two (2) Stewards shall be allowed.

ARTICLE 15: SETTLEMENT OF DISPUTES & GRIEVANCES

- 15.1 It is mutually agreed that there shall be no authorized strikes, lockouts, or other slowdowns or cessation of work by either party on account of any labor differences pending the utilization of the grievance machinery as set forth below, provided that employees covered by this Agreement shall not be expected to pass through a duly authorized picket line.
- 15.2 Failure of an Employer to make wage, travel and/or zone pay differential, penalty pay, or other negotiated fringe payments as outlined in this Agreement, is a violation of this Agreement and not subject to the Grievance Procedure as outlined below.  - (B) In the event that the dispute cannot be satisfactorily adjusted on a local basis within five (5) working days, the dispute shall be referred to the authorized representative of the Union and the authorized representative of the Inland Empire Chapter of the Associated General Contractors for immediate review and settlement if possible.
- 15.5 **STEP II:** If the dispute or grievance remains unsettled after the foregoing procedures, it shall immediately be reduced to writing and referred to the Union Negotiating Committee and the AGC Negotiating Committee for resolution.

An impartial arbitrator shall be selected from a panel of names of persons submitted by the Federal Mediation and Conciliation Service. The Union and the Employer shall alternately remove names from this panel and the remaining name on the panel shall be the arbitrator. The decision of the arbitrator shall be within the scope and limited to the interpretation of this Agreement upon the points of issue as stipulated and shall be final and binding upon the parties. The arbitrator shall promptly render a decision, but not later than 30 days. Expense of employing said impartial arbitrator shall be paid equally by both parties.
- 15.7 It is further understood that the grievance machinery set forth above shall not be used for the purpose of arriving at an agreement to supersede this Agreement.

All jurisdictional questions between or among the parties to this agreement will be settled in accordance with the procedural rules and the regulations of the Plan for the construction Industry, effective June 1, 1984 or any successor Plan.
- 16.3 When requested to do so, Employers covered by this Agreement agree to furnish within 48 hours to the District Councils and local Unions, statements of their past and present practices pertaining to work on which there is or may be a pending dispute. Such statements shall be written on the individual employer's letterhead.

In such an event, the Employer will notify the Union of the names and dates of such hiring within twenty-four (24) hours of such hiring.
4. The referral procedure as contained herein shall be followed except;

- b. That requests by Employers for a particular employee previously employed by the Employer within the geographical area of this Agreement and who has been laid off or terminated by the Employer within five (5) years previous to the request shall be honored without regard to the requested employee's place on the out-of-work list, provided said employee was originally dispatched to the requesting Employer in accordance with the terms and conditions of this Union and this Appendix (illegal or reciprocity hours will not be recognized for rehire, requests, or group status).
