Once completed, this Pre-Application Expression of Interest (PAEI) should be submitted to College Park Main Street's Executive Director for review. Acceptance of a PAEI does not constitute project approval from CPMS but is used to confirm the viability of a proposed project. If, upon review, CPMS's Executive Director confirms the proposed project meets College Park Main Street's Business Façade Grant requirements, the Applicant must submit a complete, formal Application, including project documents, renderings, budget, etc., within six (6) months to be eligible to receive a BFG. If the Applicant does not submit an Application within that time, the PAEI will be deemed abandoned.
