

Infrastructure Investment and Jobs Act

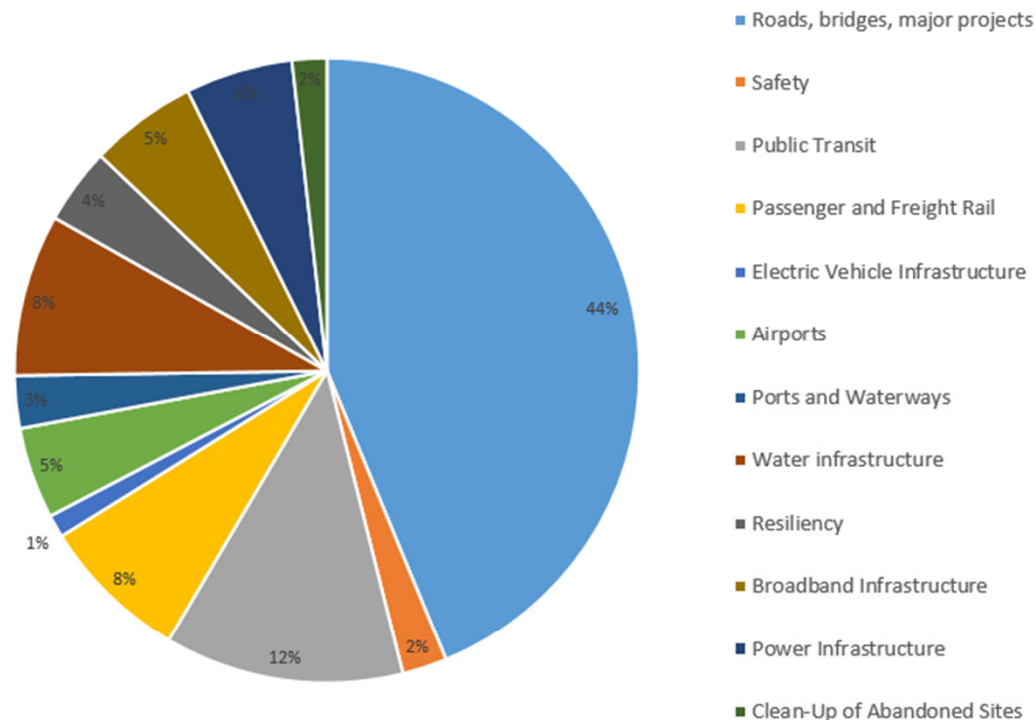

Bill Highlights

- **\$1.2 trillion total:** Includes \$550 billion in new spending over five years, *without raising taxes*.
- **Alaska is estimated receive ~ \$5 billion**, the most *per capita* than any other state.
- **Provides investments for core infrastructure:** roads, bridges, rail, transit, ferries, ports, airports, energy, water systems, and broadband.
- **Authored and negotiated by Senator Murkowski and bipartisan group of 10 Senators.**
- **Will grow America's and Alaska's economy, create jobs, and push against inflation.**
