## LLG CREATES LUMBER MARKET EXPERTS

In addition to being the ONLY Softwood Framing Lumber Market Forecast PROJECTING WHEN prices will rise and fall with 86% accuracy, we create LUMBER MARKET EXPERTS.

Lumber price VOLATILITY has created fear and lack of confidence for most...not LLG members. We anxiously look forward to these highly profitable opportunities.

Not only do we give you the answers, we explain how and why the "whens" will occur, giving you confidence to make critical inventory decisions.

## OUR OFFER

In support of NLBMDA we would like to offer its members a **2-month free trial**. After the trial, a 20% discount on ALL annual paid in full memberships will be offered. Half of the discount will be applied to the LLG membership and half will be donated to NLBMDA in support of their contributions to our lumber industry.

## TESTIMONIALS

"Thank you Matt, I am glad I took your advice in November and bought heavy, that was a great call. Now we are buying as little as possible until something changes. Soon we will see the numbers go down. Thanks again for your knowledge and expertise."

- Chris Estridge, Estridge Deck and Patio

"The Layman's Lumber Guide helps me and my staff optimize our lumber purchasing. I also have a treated lumber wholesale business and it helps me to inform my customers on where I feel the lumber market is going"

- Paul Taylor, Marine Building Supply
